1. Provide a description that addresses the entire scope of the proposed project.

"You Can Have It A.L.L. (Accelerated Learning and Living)" is a transitional housing program that primarily serves female-headed families-- with children. Its 23 private units are located in a well-maintained apartment building, within close walking distance to many educational, social, and cultural services, and a block from various public transportation routes. A.L.L. focuses on permanent solutions to homelessness through employment, income stability, education, and securing fair-market housing that can meet the family's needs over years.

The following services are used in attaining this comprehensive goal: case management; job placement; education/training; strong ties to local affordable housing providers, both public and private; and, supportive services. For example, Harbor Interfaith offers early childhood education and K-12 afterschool enrichment at its Family Resource Center, a close walk from A.L.L. These programs enable parents to transition to independent lifestyles, as children strengthen their scholastic and social skills-- and prepare for age-appropriate roles in increasingly productive, engaged families. Many graduating households move locally; supportive networks, therefore, are often "transportable."

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen "5A. Project Participants – Households" has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at Least One Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the "Total Persons" rows will calculate automatically when the "Save" button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column "Persons not represented by listed subpopulations." Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Homeless persons as defined under other federal statutes (TH and SSO only and HUD approval REQUIRED)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the "Save" button is clicked. A warning message will appear if the total is greater than 100%.

If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements.

AND/OR

If "Persons at imminent risk..." is greater than 0 percent, identify the project as either an SSO or TH project and verify that persons served will be within 14 days of losing their housing and becoming literally homeless: This field is required if the total percentage calculated above is less than 100 percent or if a number greater than 0 was entered in the "Persons at imminent risk of losing their nighttime residence" field. If both apply, the project applicant must provide a response to both questions in this field.

If the total percentage calculated above is less than 100 percent, explain where the unaccounted for participants will come from. All participants served in CoC Program funded projects must meet eligibility criteria set forth in the CoC Program interim rule and the FY 2013 CoC Program NOFA.

If the field for "Persons at imminent risk of losing their nighttime residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing" contains a percentage greater than 0, the project applicant must indicate how these persons meet the eligibility criteria for the project component being requested (may only be TH or SSO).

1. Enter the percentage of project participants that will be coming from each of the following locations.

25%	Directly from the street or other locations not meant for human habitation.
25%	Directly from emergency shelters.
	Directly from safe havens.
50%	From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens.

25%	Directly from the street or other locations not meant for human habitation.
	Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (TH and SSO projects only)
	Homeless persons as defined under other federal statutes (TH and SSO only and HUD approval REQUIRED)
	Persons fleeing domestic violence.
100%	Total of above percentages

2. If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements

AND/OR

If "Persons at imminent risk..." is greater than 0 percent, identify the project as either an SSO or TH project and verify that persons served will be within 14 days of losing their housing and becoming literally homeless.

6A. Standard Performance Measures

Instructions:

ALL PROJECTS EXCEPT SSO and HMIS

Housing Measures: This is a required field. Persons remaining in permanent housing as of the end of the operating year or exiting to permanent housing (subsidized or unsubsidized) during the operating year: If permanent housing, count each participant who is still living in your units supported by your facility in addition to clients who have exited your units and moved into another permanent housing situation. If transitional housing or a safe haven, only count persons who have exited your units/project and moved into a permanent housing situation.

Income Measure: This is a required field where at least one option must be chosen by the project applicant.

- a. Persons age 18 and older who maintained or increased their total income (from all sources) as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Total income can include all sources, public and private.
- b. Persons age 18 through 61 who maintained or increased their earned income as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Earned income should only include income from wages and private investments, and not public benefits.

For each measure, enter a number in the blank cells according to the following instructions:

Universe (#): Enter the total number of persons about whom the measure is expected to be reported. The Universe is the total pool of persons that could be affected.

Target (#): Enter the number of applicable clients from the universe who are expected to achieve the measure within the operating year. The Target is the total number of persons from the pool that are affected.

Target (%): This field will be calculated automatically when all required fields are entered and saved. For example, if 80 out of 100 clients are expected to remain in the permanent housing program or exit to other permanent housing, the target % should be "80%."

Performance Measure: Provide a name for the additional performance measure. This name will populate the list on the parent additional performance measures form.

Universe (#): Enter the total number of persons/units/items about whom/which the measure is expected to be reported. The Universe is the total pool of persons/units/items that could be affected.

Specific data elements and formula proposed for calculating results: (required) Use the text field provided and be specific.

Rationale for why the proposed measure is an appropriate indicator of performance for this program: (required) Use the text field provided to describe the appropriateness of the measure given the nature of the program.

1. Specify the universe and target goal numbers for the proposed measure.

a. Proposed Measure	b. Target (#)	c. Universe (#)	d. Target (%) (Calculated)
To augment employment and income stability goals, adults/heads of household complete educational and training programs	12	23	52%

2. Data Source (e.g., data recorded in HMIS) and method of data collection (e.g., data collected by the intake worker at entry and case manager at exit) proposed to measure results

Data collection begins with the information gathered at intake. Program staff then work with adults/heads of household to secure permanent housing and income-- and provide a needed measure of "insurance" through education and/or training programs. Progress is continually monitored during case management reviews. Staff members also maintain periodic contact with instructional/training personnel, noting the information conveyed and the progress clients have made. All information is entered into the HMIS, as well.

3. Specific data elements and formula proposed for calculating results

Program staff secure verifiable DOCUMENTS-- and copy them into files-- in order to ascertain results. These documents include: letters of hire/contracts, grade reports, educational degrees, and occupational certifications. Qualitative case management notes lend insight into the problems or patterns that have occurred. Finally, staff arrange exit interviews with clients and conduct home visits after the families have graduated and moved into permanent housing. Case notes and records/documents are retained throughout.

4. Rationale for why the proposed measure is an appropriate indicator of performance for this program

In this competitive labor market-- and high cost of living metropolitan area-- education and up-to-date skills are necessary for PERMANENT financial stability and housing, especially for families (in our case, usually with only one wage-earner).

6B. Additional Performance Measures Detail

Instructions:

For each additional measure, fill in the blank cells according to the following instructions:

Performance Measure: Provide a name for the additional performance measure. This name will populate the list on the parent additional performance measures form.

Universe (#): Enter the total number of persons/units/items about whom/which the measure is expected to be reported. The Universe is the total pool of persons/units/items that could be affected.

Target (#): Enter the number of applicable persons/units/items from the universe who/that are expected to achieve the measure within the operating year. The Target is the total number of persons/units/items from the pool that are affected.

Target (%): This field will be calculated automatically when all required fields are entered and saved. For example, if 80 out of 100 clients are expected to remain in the permanent housing program or exit to other permanent housing, the target % should be "80%."

1. Specify the universe and target goal numbers for the proposed measure.

a. Proposed Measure	b. Target (#)	c. Universe (#)	d. Target (%) (Calculated)
Heads of household receive weekly case management; life skills, twice monthly	23	23	100%

2. Data Source (e.g., data recorded in HMIS) and method of data collection (e.g., data collected by the intake worker at entry and case manager at exit) proposed to measure results

The Individual Training and Service Plan (ITSP) is a case management tool, a detailed, longitudinal questionnaire format that Harbor Interfaith has refined over the years to establish family goals and monitor/track their progress. ITSPs are regularly updated-- with the information entered into the HMIS system.

3. Specific data elements and formula proposed for calculating results

The ITSP incorporates case management dates-- and milestones. It also includes documentation "prompts" (reminding the case manager to secure copies of lease agreements, school and immunization records, grade reports, etc.) for proof that goals are being pursued or have been met. Finally staff arrange exit interviews with clients and conduct home visits after families have graduated and moved to permanent housing. (This type of follow-up both verifies status and adjusts family service menus to changing needs). All told, case notes and records are maintained throughout. A data intake specialist ensures accurate and timely entry.

4. Rationale for why the proposed measure is an appropriate indicator of performance for this program

The ITSP initially establishes family goals, allowing the case manager to monitor their accomplishment and provide adequate support for them. Although the family will not receive such intensive guidance after graduation, the habit of setting-- and regularly tracking-- goals is a valuable life skill.

3. Specific data elements and formula proposed for calculating results

ITSPs contain goals and objectives for the whole family and its individual members, along with the quantifiable milestones or benchmarks that will define their achievement. The number of goals attained by each individual/family will be derived from their ITSP, then aggregated for the entire program.

7A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select "Yes" or "No" to indicate whether or not one or more of the project properties are subject to an active restrictive covenant.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select "Yes" or "No" to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC's Reallocation.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select 'Yes' or 'No' to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult OMB circulars A-122 and A-87 and contact your local HUD office.

Select a grant term: This field is pre-populated with a one-year grant term.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected at the beginning of this project application. The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC's final HUD-approved FY 2014 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen "3A. Project Detail" to review the "Component Type" and/or "3B. Project Description" to review the type of project selected. See the FY 2014 Funding Notice and the FY 2013 – FY 2014 CoC Program NOFA for additional guidance.

Annual Assistance Requested: This is a required field. For each grant year, enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. 7I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field "8. Admin (Up to 10%)."

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC's HUD-approved FY 2014 GIW. HUD will not fund greater than 10% of the request listed in the field "Sub-Total Eligible Costs Request." Additionally, HUD will not fund greater than 7% of the request listed in the field "Sub-Total Eligible Costs Requested," if the CoC received bonus points in the FY 2014 CoC Program competition for submitting all CoC projects at or below 7%. If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is this is the total amount of funding the project applicant will request in the FY 2014 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen "7I. Sources of Match/Leverage" to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen "7I. Sources of Match/Leverage" to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "7I. Sources of Match/Leverage" to make changes..

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.
