1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.
The Housing Authority of the City of Los Angeles (HACLA) is a public agency chartered in 1938 by the State of California to provide housing assistance to the low-income residents of Los Angeles. The annual budget is over $1 billion with 761 employees. Funded by the United States Department of Housing and Urban Development (HUD), HACLA operates a Public Housing Program (6,971 units), and a Section 8 Housing Choice Voucher Program (HCVP—48,893 vouchers), the second largest Section 8 Program in the country. HACLA has been a high performer in the Section Eight Management Assessment Program, HUD’s report card on Housing Authority performance, for the past 6 years.

HACLA assists more than 14,000 formerly homeless and chronically homeless (CH) households in six permanent supportive housing (PSH) programs--Shelter Plus Care, now called the CoC Rental Assistance (CoCRA) Program, for CH, high acuity clients (3,180 units); Moderate Rehabilitation Single Room Occupancy, for homeless individuals (1,107 units), HUD-Veterans Affairs Supportive Housing, for homeless and CH veterans (3,147 units); Project-Based Voucher, for the development of PSH for the homeless and CH (1,987 units), and two Section 8 Waiting List Limited Preference programs: Homeless, for mid acuity homeless individuals and families (4,111) and Tenant Based Supportive Housing (TBSH), for CH, high acuity individuals (800). HACLA also administers a “moving on” program for CoCRA clients that allows them to transition to the HCVP when they no longer need the high level of supportive services, freeing up those units for new high acuity CH clients.

For this application, HACLA has partnered with the Los Angeles County Departments of Mental Health (DMH) and Health Services (DHS) as its subrecipient supportive service partners. DMH and DHS have proven their capacity to provide supportive services to the CH population, and, along with HACLA, have the infrastructure in place to implement this grant quickly. They currently partner directly with HACLA in the CoCRA and TBSH programs, serving almost 800 CH households, as well as providing services to HACLA Homeless Program clients and other sub-recipients for hundreds of additional grant funded units.

DMH is the County agency responsible for planning, providing and administering the public Mental Health System of Care within Los Angeles County. With a budget of more than $1 billion, and more than 265,000 unique clients, the DMH system is larger than most state mental health programs. DMH directly operates more than 50 sites countywide, and contracts with over 1,100 other providers, including non-governmental agencies and individual practitioners. A diverse spectrum of mental health services is provided to all ages, including mental health assessments; crisis intervention; individual, group and family treatment; case management; and medication support in acute inpatient, residential and outpatient settings. The majority of DMH clients suffer from chronic mental illnesses and a significant percentage are dually diagnosed with substance abuse disorders.

DMH has been providing specialized mental health services to the homeless population for more than 20 years, beginning with the implementation of the Federally funded Projects for Assistance in Transition from Homelessness (PATH) program. In 1999, Los Angeles piloted comprehensive, integrated services to homeless adults with serious mental illness through the California Assembly Bill (AB) 34 program which created a broad array of flexible, field-based services, making it possible for programs to deliver the comprehensive
continuum of services necessary to support individuals who are homeless or formerly homeless with obtaining and maintaining permanent housing and successfully living in the community. Proposition 63, also known as the Mental Health Services Act (MHSA), was passed by voters in November 2004. MHSA created a new permanent revenue source for transformation and expansion of mental health services statewide which has enabled DMH to expand its services to the homeless.

The mission of DHS is to ensure access to high quality, patient-centered, cost-effective health care to Los Angeles County residents through direct services at DHS facilities and through collaboration with community and university partners. DHS operates four hospitals including three acute care hospitals and one acute rehabilitation hospital. The DHS ambulatory care network includes 19 directly operated health centers and over 150 contracted Community Partner clinics. DHS has an annual budget of almost $4 billion, has over 20,000 employees and has established ‘medical homes’ for over 250,000 patients.

DHS established the Housing for Health (HFH) division in 2012. HFH is focused on creating housing opportunities for homeless patients and clients of DHS who have complex medical and behavioral health conditions. Permanent supportive housing is linked to a flexible array of support services, including a Flexible Housing Subsidy Pool program of local rental assistance. Working in collaboration with support services providers, health care providers, housing finance agencies, housing developers, and philanthropy, HFH aims to ultimately facilitate the creation of thousands of housing units linked to the health system.

In 2012, DHS established Master Agreements with over 30 homeless services providers countywide to provide Intensive Case Management Services (ICMS) to clients. These services include outreach and engagement; case management with on-going monitoring and follow-up; linkage to health, mental health, substance use disorder services; assistance with benefits establishment; assistance with life skills, job skills, and educational and volunteer opportunities; and crisis intervention.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.
HACLA leverages the rental assistance provided in its six permanent supportive housing programs with supportive services provided by the program partners. Public Agencies, such as DMH, DHS and Veterans Affairs, as well as over 30 community based organizations provide supportive services from a variety of their own sources, ranging from public agency funds, Continuum of Care Supportive Housing Program and Supportive Services Only grants to private fundraising. The Shelter Plus Care program has been leveraging funds for supportive services since 1992 and in 2013 match and leverage totaled over $30 million. Security deposit assistance has been funded by Substance Abuse and Mental Health Services Act (SAMHSA) and Supportive Services for Veterans Families (SSFV) grants in previous years.

HACLA, DMH and DHS leveraged $9 million over the past three years from private, business and foundation sources as part of the United Way of Greater Los Angeles’ Home for Good effort, a cross-sector initiative to end chronic and veteran homelessness in Los Angeles County by 2016, in the form of supportive service funding and move-in assistance, including security and utility deposits, furniture, and household goods for clients moving into new homes.

Since becoming a subrecipient of federal housing funds, DMH has been successful at meeting its match and leverage goals. DMH is the Local Mental Health Plan for Los Angeles County through which all leveraged MediCal for specialty mental health services, other Federal mental health funding such as SAMHSA and PATH, State mental health funding such as Mental Health Services Act funds and County General Fund dollars for mental health are administered. DMH uses its multiple funding sources to meet the match and leverage requirements for its current CoCRA contracts and would do so in this proposal. The average per client per year depends on the intensity of the program the client is in, from approximately $16,000 for clients in the intensive Full Service Partnership (FSP) program to $5,000 in the Field Capable Clinical Service (FCCS) program to $2,000 in the Welness Center program.

DHS provides ICMS to all clients of its housing programs either through contract or agreement. The services include home visits; linkage to health, mental health, and substance use disorder services; and assistance with the establishment of mainstream benefits such as SSI, General Relief, Medi-Cal, and Healthy Way LA and total approximately $5,400 per client per year. DHS has actively participated in the past several rounds of Los Angeles City and County agency PSH NOFA which have resulted in units being committed to house DHS patients in projects that will be coming online over the next several years. DHS has also leveraged $4 million in private sector grant funds from the Conrad N. Hilton Foundation to fund its Flexible Housing Subsidy Pool of local rental assistance for homeless individuals.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.
A seven member Board of Commissioners, appointed by the Mayor and approved by the LA City Council, governs the operations of HACLA. The President and CEO is responsible for HACLA’s overall program and personnel administration. The Section 8 Director oversees all programs and operations within the Section 8 Department and has direct supervision of the Assistant Section 8 Directors. The S8 Department has five functional areas: Applications, Processing, Issuance and Contracting; Special Programs Operations and Administration (SPOA); Administrative Services; Service Delivery; and Inspections. Within SPOA is the Special Programs Administration (SPA) Office that processes applications, determines eligibility, completes initial contracting and provides on-going contract maintenance for the CoC rental assistance program. S8 contracts the services of Emphasys ("Elite") to use an application designed to track operations related to waiting list, inspections, rent calculations, tenant information, and HUD reports. HACLA processes monthly payments to landlords. The payment amounts are determined by S8 using Elite and transferred to Accounts Payable (AP) for processing. AP is one of the functional areas within the Finance Department headed by the CFO who reports directly to the CEO. Payments are made via direct deposit. The interface between Elite and the Finance Department Oracle system allows AP to gather and process S8 payments. HACLA has external controls in the form of annual independent audits.

DMH is one of 37 departments under the jurisdiction of LA County Board of Supervisors. DMH is structured by age group populations and specialty divisions of which Countywide Housing, Employment and Education Resource Development (CHEERD) is one. CHEERD provides administrative oversight and management of DMH’s housing resources for people who are homeless. CHEERD works with DMH’s CIO Bureau to capture the dollar value of all of the services provided to CoCRA participants that are billed through the Integrated System (IS) claiming system to be replaced by the Integrated Behavioral Health Information System (IBHIS). DMH uses information from the IS/IBHIS to capture the required in-kind service match and leverage. IS/IBHIS data is monitored by the Central Business Office and audited by County Auditor-Controller and State Department of Health Care Services.

DHS is an integrated system of providers, clinics, and hospitals. Housing for Health (HFH) is in the Community Health division of DHS. The HFH director is a member of DHS executive team. DHS has a finance division that oversees and manages budget and accounting operations. For DHS and DMH, the County of LA utilizes an electronic general ledger system known as eCAPS to process its accounts payables and cash collections. Cash management is handled centrally by the LA County Auditor-Controller, which also audits the agencies as does the State Department of Health Care Services.

4a. Are there any unresolved monitoring or audit findings for any HUD grants (including ESG) operated by the applicant or potential subrecipients (if any)? No
3A. Project Detail

Instructions:
The selections made on this screen will determine the remaining screens that must be completed for this project application.

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select "No CoC."

CoC Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the "Project" Form and cannot be edited.

Project Status: The default selection is "Standard," indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2014 CoC Program competition. The selection should only be changed to "Appeal" in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see the CoC Program Competition Appeals Notice.

Component Type: This is a populated field with "PH" and cannot be edited. Permanent supportive housing or rapid re-housing projects are the only type of new projects applications that can be submitted in the FY 2014 CoC Program Competition.

Energy star: This field is required. Select "Yes" or "No" to indicate if Energy Star is being used in this project at one or more properties that will receive funding in this CoC Program Competition.

Title V: This field is required. Select "Yes" or "No" to indicate if one or more properties being served by this project were acquired under Title V.

Additional Resources can be found at the HUD Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1a. CoC Number and Name: CA-600 - Los Angeles City & County CoC
1b. CoC Applicant Name: Los Angeles Homeless Services Authority

2. Project Name: HACLA Permanent Supportive Housing Bonus

3. Project Status: Standard
4. Component Type: PH

5. Is Energy Star used at one or more of the proposed properties? No

6. Does this project use one or more properties that have been conveyed through the Title V process? No
3B. Project Description

Instructions:
Provide a description that addresses the entire scope of the proposed project: This field is required. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Please note that projects applying for permanent supportive housing bonus funds have additional requirements for the project description narrative. These requirements include but are not limited to describing the capacity for assessing need, prioritizing persons with the most severe needs and outreach to the chronically homeless, as well as experience with and a description of the program design for implementing housing first. Project applicants must review the FY 2014 Funding Notice for full details concerning these requirements.

Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work: This is a required field. Provide a schedule and describe both a management plan and implementation methodology that will ensure that the project will begin operating within the requirements described in the FY 2014 Funding Notice and CoC Program interim rule if it is selected for a funding award.

Will your project participate in a CoC Coordinated Assessment System: This is a required field. Select “Yes” if the project is currently participating in a coordinated assessment system. If a coordinated assessment system does not exist in the CoC or if the project does not participate, select “No.”

Will your project have a specific population focus: This is a required field. Select “Yes” if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If “Yes” is selected, select the relevant checkbox(es) to identify the project’s population focus. Please remember that applicants may only request PSH Bonus funds that serve exclusively chronically homeless or new reallocated funds for PSH projects that serve the chronically homeless or for RRH projects that serve households with children. At a minimum, the appropriate subpopulation should be reflected in the answer to this question.

Will the project follow a "Housing First" model: This is a required field. Select “Yes” if the project currently follows a housing first approach that allows the homeless to enter without barriers such as income, sobriety, etc. Select “No” if the project does not follow a housing first approach.

If applicable, describe the proposed development activities and the responsibilities that the applicant and potential subrecipients (if any) will have in developing, operating, and maintaining the property. This field must be completed if the project applicant will request capital costs (e.g., acquisition, rehabilitation, or new construction) in the project application. Provide a detailed list of the activities and responsibilities assigned to the applicant and each subrecipient (if any). Note: A PSH Bonus project cannot request capital costs.

Will the PH project provide PSH or RRH: This is a required field. Select PSH if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select RRH if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

Indicate the maximum length of assistance. RRH projects may provide assistance to participants for a period of up to 24 months but may choose from 3, 12, 18, and 24 month periods. There is no time limit for PSH projects. Therefore, when PSH is selected, “Unlimited Assistance” will automatically populate and will be read only.

Will the project request costs under the rental assistance budget line item? This is a required field. If requesting rental assistance, select Yes from the dropdown menu. If not requesting rental assistance in this project application, select No.

Describe the method for determining the type, amount, and duration of rental assistance that participants can receive. If the project is requesting rental assistance, describe the method or process the applicant will use to determine the type, amount, and duration of rental assistance that participants can receive. For PSH projects this generally means a brief explanation of the choice of rental assistance type (PRA, SRA, or TRA) as all PSH projects are required to offer.
unlimited duration of assistance.

Will participants be required to live in a particular structure, unit, or locality, at some point during the period of participation: This is a required field. If "Yes" is selected, explain how and why the project will implement this requirement for participants to live in particular structure, unit, or locality during all or a portion of the period of participation.

Will more than 16 persons live in one structure: This is a required field. If "Yes" is selected, describe the local market conditions that necessitate a project of this size and describe how the project will be integrated into the neighborhood.

1. Provide a description that addresses the entire scope of the proposed project.
HACLA proposes to provide Tenant-Based Rental Assistance to 527 CH individuals and 20 CH families with the most severe service needs. Outreach and prioritization of this group will be done by the CoC’s Coordinated Assessment System (See 5C.3.) which DMH and DHS will utilize to identify program participants. After initial and on-going health and supportive service needs assessment, clients will be offered a range of physical and mental health services, including case management, individual and group counseling, crisis intervention and medical support. Other resources will also be available to clients such as: vocational and educational services; substance abuse treatment programs; HIV/AIDS resource referrals; benefits advocacy; life skills training and linkage to a broad spectrum of community resources such as food and clothing banks. Case managers will also assist clients with paperwork completion, housing search assistance and tenant/landlord dispute mediation. Through this comprehensive system of health and supportive services, HACLA proposes to expand options for chronically homeless high acuity clients in Los Angeles by combining housing and services that promote self-sufficiency, independence and long term housing stability.

HACLA, DMH and DHS embrace the Housing First model. The agencies require their staff and contract agencies to use the Housing First model to assist clients in attaining the housing of their choice without prerequisites or conditions such as psychiatric treatment, sobriety, or living successfully in transitional housing prior to being housed. No demonstration of “housing readiness” is required. HACLA, DMH and DHS have great experience with Housing First since their participation in the landmark Project 50 program in 2007. The objective of the program was to move 50 of the most vulnerable chronically homeless persons from the most concentrated area of homelessness in Los Angeles County (Skid Row) into PSH. Four years after its implementation, Project 50 reported an 82% retention rate for the participants who moved directly from the streets into PSH using the Housing First model. Project 50 has been expanded across the region with Housing First as its centerpiece. CES and Housing First will be utilized in this project.

DMH and DHS are the mainstream resources of supportive services in L.A. County and a key role of case managers is to actively assist clients to enroll in health benefits for which they are eligible, such as Medi-Cal (Medicaid in California), at time of initial intake and assessment. DMH and DHS are the health safety net providers in the county and 60-80% of their clients have Medi-Cal. Supportive service that will be billed through Medi-Cal include case management, behavioral health services, medication support and education, individual and group therapy and crisis intervention—all services necessary to support housing stability.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.
HACLA, DMH and DHS have structures and processes in place to achieve full utilization of the awarded units and placement of case managers within the following timeframes.

Each agency has a specific unit tasked with ensuring effective and timely completion of all work. At HACLA, the SPA office’s Shelter Plus Care unit will process all applicant referrals from eligibility determination and certificate issuance to inspection of units and housing assistance payments contract execution. HACLA anticipates that 8-10 staff persons will be need for this project and as applicants need to be front loaded into the process and issued certificates early in the grant period so there is time for them to locate units and complete leasing, 2/3’s of the staff will be in place by the 5 month. Financing to pay for this staff will be requested from the United Way’s Home For Good Funder’s Collaborative. At DMH, the CHEERD Division’s Federal Housing Subsidies unit will prepare application referrals and assist clients through every step of the leasing process. At DHS, the HFH unit will perform this function.

The three agencies have a history of working together to house clients quickly and will expand on that model for this project. HACLA will track weekly the number of new referrals received from DMH and DHS to ensure that they are being made at a rate to meet the leasing timelines. HACLA, DMH and DHS will conduct weekly conference calls of unit supervisors to review and adjust as necessary the pace of applicant referrals and monitor applicants in the various stages of production to identify and address bottlenecks in the system and resolve individual client issues.

3C. Project Expansion Information

Instructions:
Will the project use an existing housing facility or incorporate activities provided by an existing project: This is a required field. Select “Yes” or “No” to indicate whether the proposed project expands an existing project in any way either by increasing the number of persons served, providing additional supportive services, bringing existing facilities up to state or local government health and safety standards, or if the funding replaces the loss of non-renewable funding. If “Yes,” select all of the applicable expansion activities and provide a description for each.

Select one or more of the following activities that describe the type of expansion being proposed. Once all selections have been made, click on the “Save” button in order for follow-up questions related to the applicable selections to be made visible.

Increase the number of homeless persons served
The project applicant will complete a table to indicate what the current level of effort (i.e., number of persons currently being served) and what the new level of effort will be as a result of this expansion project. The project applicant should enter the number of persons/units/beds based on the full capacity (currently and after expansion) at a single point in time and not based on the number of persons served over the course of an operating year.

4A. Supportive Services for Participants

Instructions:
Are the proposed project policies and practices consistent with the laws related to providing education services to individuals and families? This is a required field. Select "Yes," "No," or "N/A" to indicate whether the project policies provide for educational and related services to individuals and families experiencing homelessness, and if the policies are consistent with local and federal educational laws, including the McKinney-Vento Act. Only projects that do not serve families with children or unaccompanied youth should select "N/A." If "No" is selected, the project applicant will be required to answer an additional question.

Does the proposed project have a designated staff person to ensure that children are enrolled in school and receive educational services, as appropriate? This is a required field. Select "Yes," "No," or "N/A" to indicate whether the project has a designated staff person responsible for ensuring that children and youth are enrolled in school and connected to the appropriate services within the community, including early childhood education programs such as Head Start, Part C of the Individuals with Disabilities Education Act, and McKinney-Vento education services. Only projects that do not serve families with children or unaccompanied youth should select "N/A." If "No" is selected, the project applicant will be required to answer an additional question.

Describe the manner in which the project applicant will take into account the educational needs of children when youth and/or families are placed in housing: This is a required field if a response of "No" is given for either one of the two preceding questions. Use this space to explain how the project will plan to meet the educational needs of children and youth participants according to the requirements specified under section 426.B.4 of the McKinney-Vento Act as amended by HEARTH.

Describe how participants will be assisted to obtain and remain in permanent housing: This is a required field. Describe how the project applicant will assist project participants to obtain and remain in permanent housing. The response should address how the applicant will take into consideration the needs of the target population and the barriers that are currently preventing them from obtaining and maintaining permanent housing. The applicant should describe how those needs and barriers will be addressed through the case management and/or other supportive services that will be offered through the project. If participants will be housed in units not owned by the project applicant, the narrative must also indicate how appropriate units will be identified and how the project applicant or subrecipient will ensure that rents are reasonable. Established arrangements and coordination with landlords and other homeless services providers should be detailed in the narrative.

1a. Are the proposed project policies and practices consistent with the laws related to providing education services to individuals and families?  
Yes

1b. Does the proposed project have a designated staff person to ensure that the children are enrolled in school and receive educational services, as appropriate?  
Yes

2. Describe how participants will be assisted to obtain and remain in permanent housing.

DMH and DHS will provide intensive outpatient programs to clients and limit the case manager (CM) to client ratio to 1:15. CM will be responsible for coordinating the delivery of integrated primary healthcare and recovery services, and the other supportive services necessary for housing stability, such as life skills, household budgeting and vocational training. CM will assist clients obtain housing by helping them through all phases of the lease up process, including paperwork completion and housing search assistance--utilizing their landlord relationships/listings and accompanying clients to rental showings. HACLA will ensure the contract rent is reasonable through use of its third party vendor comparable rent program. Throughout tenancy, the three agencies will communicate closely to assist participants to remain housed by ensuring lease and HACLA requirement compliance. CM will avert possible evictions by working directly with landlords to act as mediators in rental disputes.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.
DMH and DHS will assess all participants for vocational capacity. Individuals who are able to work will be connected to appropriate educational/job training programs. The County Departments have facilitated the development of partnerships with employment and education providers throughout LA County including LAUSD, WorkSource Centers, State Department of Rehabilitation, community colleges, adult education and apprenticeship programs. Employment services consist of pre-employment, job training and placement and post placement, such as resume writing, application completion, interviewing, job coaching and job retention skill building assistance. Additional resources available to clients include support groups that address goal-setting, self-esteem development, and money management.

For individuals who are unable to work, case managers will screen participants for income and other benefits (General Relief, SNAP, SSI, SSDI) and will assist in the application process. (As noted previously all participants will be assessed for Medi-cal and other medical insurance as well.) Benefit assistance will entail collecting necessary documentation, accompaniment to medical appointments, and coordination and submission of applications. If participants are denied any benefits, case managers will work with them to appeal when appropriate to do so. When a participants benefits are terminated, the case manager will work with the participant to reinstate benefits. All case managers are required to attend trainings on benefits advocacy.

4. For all supportive services available to participants, indicate who will provide them, how they will be accessed, and how often they will be provided.

4B. Housing Type and Location Detail

Instructions:

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

How many of the total beds entered in "b. Beds" are dedicated to the chronically homeless: This is a required field. Enter the total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project’s grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as “CH Beds” on a CoC’s Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated to the chronically homeless, enter "0." If this is a new reallocated PSH project, all beds must be dedicated to the chronically homeless.

How many of the total beds entered in "b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number of beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2014 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter "0."

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

The numbers here are intended to reflect a single point in time at maximum occupancy and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Instructions:

*This screen can only be completed once Screen "5A. Project Participants – Households" has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on the screen according to household types.

Persons in Households with at Least One Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the "Total Persons" rows will calculate automatically when the "Save" button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column "Persons not represented by listed subpopulations." Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Please note that New PSH projects may only serve the chronically homeless (i.e. the head of household must have a qualifying disability and be considered chronically homeless according to the chronic homeless definition).

5C. Outreach for Participants

Instructions:

Enter the percentage of homeless person(s) who will be served by the proposed project for each of the following locations: This is a required field. The population to be served must meet program eligibility requirements in 24 CFR 578 and additional eligibility requirements in both the FY 2013 – FY 2014 CoC Program NOFA and FY 2014 Funding Notice for permanent supportive housing and rapid re-housing. To complete this table, enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:
- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Homeless persons as defined under other federal statutes (TH and SSO only and HUD approval REQUIRED)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the “Save” button is clicked. A warning message will appear if the total is greater than 100%.

If the total is less than 100 percent, identify how the persons meet HUD’s definition of homeless and the project type eligibility requirements: This field is required if the total percentage calculate above is less than 100 percent. If required, explain where the unaccounted for participants will come from. All participants served in CoC Program funded projects must meet eligibility criteria set forth in the CoC Program interim rule and the FY 2014 Funding Notice.

Describe the outreach plan to bring these homeless participants into the project: This field is required. Describe how the applicant/subrecipient plans to bring homeless persons into the project. Also describe the contingency plan that the applicant/subrecipient will implement if the project experiences difficulty in meeting the requirements to serve exclusively chronically homeless individuals and/or families. The contingency plan may include re-evaluating the intake assessment procedures or outreach plan.

Please note that the definition of Chronic Homelessness qualifies persons as chronically homeless only when they come from the street or other locations not meant for human habitation, emergency shelter, or safe havens. Additionally, to qualify for rapid rehousing, persons may only come from the street or other locations not meant for human habitation, emergency shelter, or safe havens.

Additional Resources can be found at the HUD Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

1. Enter the percentage of project participants that will be coming from each of the following locations.

</tbody>
</table>
2. If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements.

3. Describe the outreach plan to bring these homeless participants into the project.

In January 2013, the United Way of Greater Los Angeles' Home For Good stakeholders piloted a Coordinated Entry System (CES) for single adults in Skid Row in partnership with fourteen (14) homeless service providers and other agencies, including HACLA, DMH, DHS, HUD, VA, the Los Angeles Homeless Services Authority (LAHSA), and Corporation for Supportive Housing. The successful Skid Row Pilot was then expanded countywide to all eight (8) County Service Planning Areas (SPAs).

With the CES, homeless persons are assessed and prioritized for housing. The assessment tool used by the Los Angeles CES is the Vulnerability Index-Service Prioritization and Decision Assistance Tool (VI-SPDAT). The VI-SPDAT has been recognized by HUD and embraced by more than 100 communities across the country as a reliable way to assess the housing/service needs of homeless persons and prioritize those with the most acute needs for the most intensive interventions, like Permanent Supportive Housing. The CES teams have focused outreach and assessment on those individuals likely to be chronically homeless, and more than 6,000 VI-SPDAT assessments have been performed throughout Los Angeles City and County. Outreach teams fan out across the region to locate the homeless where they are--on the streets, under freeways, in riverbed encampments and emergency shelters--to administer the VI-SPAT and enter the clients into the system.

HACLA, DMH and DHS will utilize the L.A. CES to identify CH with the most severe needs for all single adult referrals for this grant. HACLA will monitor its use through protocols developed with the CES SPA Lead agencies. LAHSA, the lead agency for Los Angeles' Continuum of Care, has also developed a coordinated entry system for families. This Homeless Family Solutions System (HFSS) utilizes a similar assessment tool for families and will be utilized in this grant to assist the chronically homeless families with most severe needs.
6A. Standard Performance Measures

Instructions:

Housing Measures: This is a required field. Persons remaining in permanent housing as of the end of the operating year or exiting to permanent housing (subsidized or unsubsidized) during the operating year: Count each participant who is still living in your units supported by your facility as well as clients who have exited your units and moved into another permanent housing situation.

Income Measure: This is a required field where at least one option must be chosen by the project applicant.

a. Persons age 18 and older who maintained or increased their total income (from all sources) as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Total income can include all sources, public and private

b. Persons age 18 through 61 who maintained or increased their earned income as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Earned income should only include income from wages and private investments, and not public benefits.

For each measure, enter a number in the blank cells according to the following instructions:

Universe (#): Enter the total number of persons about whom the measure is expected to be reported. The Universe is the total pool of persons that could be affected.

Target (#): Enter the number of applicable clients from the universe who are expected to achieve the measure within the operating year. The Target is the total number of persons from the pool that are affected.

Target (%): This field will be calculated automatically when all required fields are entered and saved. For example, if 80 out of 100 clients are expected to remain in the permanent housing program or exit to other permanent housing, the target % should be “80%.”

Additional Resources can be found at the HUD Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

7A. Funding Request

Instructions:

Will it be feasible for the project to be under grant agreement by September 30, 2016? This is a required field. Select "Yes" or "No" to indicate if this project application is awarded if it will be in a position to begin operating by September 30, 2016. The FY 2014 HUD Appropriations Act requires HUD to obligate FY 2014 CoC Program funds by this date. If "No" is selected, or if the deadline is not met may result in the rejection of a grant or the recapture of conditionally awarded funds.

Is the project proposing to use funds reallocated from the CoC's annual renewal demand OR is the project applying for funding through the permanent supportive housing bonus? Select "Reallocation" if this project application was created through the use of funds reallocated from one or more eligible renewal projects. Select "Permanent Supportive Housing Bonus" if this project is applying for permanent supportive housing bonus funds.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select "Yes" or "No" to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult OMB circulars A-122 and A-87 and contact your local HUD office.

Select a grant term: This is a required field. Select the term of the proposed project application. The selection here will determine how the "Summary Budget" will calculate the total funding request. Please refer to the FY 2014 Funding Notice for details concerning grant terms and years of funding for different project types and eligible costs.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budgets for which funding is being requested. The choices available will depend on the project type selected on Screen 3B. The following eligible cost budgets may be listed: acquisition/rehabilitation/new construction, leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities for which the applicant is requesting funding from HUD through the FY 2014 CoC Program competition. NOTE: Permanent supportive housing bonus projects may not request capital costs. They may request scattered site leasing or tenant based rental assistance; or, if and only if, the applicant can demonstrate that it owns a building or units that are ready to be occupied it may instead request operating costs, project based rental assistance, or sponsor based rental assistance.

If you do not see the eligible cost budgets that you expected, you may need to return to Screen "3B. Project Description" to review the type of project selected. See the FY 2014 Funding Notice and the FY 2013 – FY 2014 CoC Program NOFA for additional guidance.

Instructions:
Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service. Applicants applying for funding under the Permanent Supportive Housing Bonus must review the FY 2014 Funding Notice for additional restrictions in requesting supportive service costs.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating "1FTE" is NOT providing "Quantity AND Detail" and limits HUD's understanding of what is being requested. Failure to enter adequate "Quantity AND Detail" may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. For each grant year, enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated based on the grant term selected on Screen “7A. Funding Request” and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

Additional Resources can be found at the HUD Exchange: https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/

A quantity AND description must be entered for each requested cost. Any cost without a quantity and a description will be removed from the budget.

Sources of Match/Leverage Detail

Instructions:
Match and Leverage are two distinct categories of funds from other sources that will be used in conjunction with this project, if awarded. Match (cash or in-kind) must be used for eligible program costs only and must be equal or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Leverage funds can be used for any program related costs and there is no minimum requirement. Please review rule 24 CFR Part 578, the FY 2014 Funding Notice, and the FY 2013 - FY 2014 CoC Program NOFA for more detailed information concerning Match and Leverage.

Will this commitment be used towards Match or Leverage? Select Match or Leverage to categorize each commitment being entered.

Type of Commitment: Select Cash ($) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of Source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of Written Commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/Leverage screen will populate the Screen “7J. Summary Budget.” The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to the field "9. Admin (Up to 10%)."

Admin (Up to 10%): Enter the amount of requested administration funds. The grant will not fund greater than 10% of the request listed in the field "Sub-Total Eligible Costs Request." Additionally, HUD will not fund greater than 7% of the request listed in the field "Sub-Total Eligible Costs Requested," if the CoC received bonus points in the FY 2013 CoC Program competition for submitting all CoC projects at or below 7%. If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is the total amount of funding the project applicant will request in the FY 2014 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen "7I. Sources of Match/Leverage" to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen "7I. Sources of Match/Leverage" to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "7I. Sources of Match/Leverage" to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

The following information summarizes the funding request for the total term of the project. However, the appropriate amount of cash and in-kind match and administrative costs must be entered in the available fields below.

Re: HACLA Permanent Supportive Housing (PSH) Bonus Program

Dear Mr. Guthrie:

This letter provides documentation that Los Angeles County Department of Mental Health (DMH) is self-certifying that DMH will provide in-kind leverage of 200% of grant funding up to $10,000,000. The leverage will be met through supportive and health services that will be provided to DMH participants on the program during the grant period 07/01/15 through 06/30/16. The Department understands that the leveraged $10,000,000 in services will be utilized to meet the match requirements set forth in the Notice of Funding Availability (NOFA) for the Fiscal Year 2014 Continuum of Care Program Competition.

If you have any questions or concerns, please contact me or your staff may contact Maria Funk, Ph.D. at (213) 251-6582, or by e-mail at mfunk@dmh.lacounty.gov.

The Housing Authority’s Manual of Policy and Procedures (MPP) has addressed the required subjects in accordance with the HUD requirements for a Code of Conduct. Those policies, adopted by the Board of Commissioners, have been brought together, with this preface on letterhead that provides a mailing address, authorized official name, and telephone number, per HUD’s requirements.

The policy and procedures in the MPP have been duly approved and adopted by the Authority’s Board of Commissioners. Sections 108:09; 108.1; and 109.1 meet the requirements specified by HUD for Code of Conduct which must:

To ensure that all officers, employees and agents of the organization are aware of the Code of Conduct, these sections are provided in hard copy in the Personnel Rules to all employees upon employment. Sec. 108:0905. REMOVAL OF EMPLOYEE FROM DUTY

(a) Where retention in active work status would be detrimental to the best interests of the Authority, employee or other employees, the employee may be removed from duty immediately or within less than ten (10) work days after service of the Notice of Intent. However, such removal shall not cause the employee loss of pay or benefits except as provided in (b) of this section.
