**1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.**

The Housing Authority of the County of Los Angeles (Housing Authority) is the second largest Housing Authority in the Southern California area. The Housing Authority has earned HUD's highest rating in performance, High Performer, the last four years in a row. The Housing Authority has successfully administered Continuum of Care (CoC) Program grants since 1995 and currently administers 24 CoC grants: 5 five-year grants and 19 one-year renewal grants totaling \$29,981,771 effectively utilizing this federal funding within the required timelines. These grants will ultimately provide rental assistance and valuable supportive services for up to 911 otherwise homeless families under a variety of projects.

The Housing Authority also administers the Housing Choice Voucher Program, the federal government's major program for assisting very low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. There are approximately 19,957 vouchers allocated under this program with a budget that exceeds \$270,000,000. In addition, the Housing Authority administers, the Housing Opportunities With Aids Program, the Family Self-Sufficiency Program, the Veterans Affairs Supportive Housing Program and several other housing programs targeting the neediest of the needy.

PATH has extensive experience administering complex federal, state, and local contracts to perform activities similar to those proposed in this application while adhering to strict time limitations. Our long-standing track record of meeting, and exceeding, contract goals has led to the renewal of many of our government contracts year after year. The organization has more than 20 years of experience administering contracts through HUD's Continuum of Care Competition (previously known as the Supportive Housing Program). From 2009 to 2012, PATH oversaw the Homelessness Prevention and Rapid Re-Housing Programs (HPRP) for the cities of Paramount, Bellflower, Lakewood, and South Gate. PATH was also contracted in October 2010 by the County of Los Angeles to provide HPRP services to cities that do not operate their own HPRP programs, covering 66 cities and unincorporated areas across Los Angeles County. All of these programs provide individuals and families who are homeless or at-risk of becoming homeless with case management, legal services, housing location assistance, and limited direct financial assistance to help them regain financial and residential stability. The organization has more than 10 years of providing employment services for veterans in need through the Department of Labor's Homeless Veterans Reintegration Program (HVRP), and in September 2011 we began operating a new rapid re-housing program with the assistance of the Department of Veterans Affairs, called Supportive Services for Veteran Families. This program focuses on providing HPRP-like services to veterans who are homeless or at-risk of becoming so. At the end of 2012, PATH was also contracted by the Department of Veterans Affairs to administer the 2012 allocation of HUD-VASH vouchers on behalf of the Los Angeles and Long Beach VA Medical Centers.

**2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.**

The Housing Authority takes the lead in collaborating with local homeless services providers and housing agencies to leverage resources to maximize services to its many program participants. Also, being under the same executive direction (and roof) of the Los Angeles County Community Development Commission (LACCDC) provides the Housing Authority with a uniquely unmatched opportunity for collaborations and partnerships in addressing the housing and economic needs of its program participants. LACCDC operates the largest Community Development Block Grant Program (CDBG) in the nation.

PATH has been a recipient of funding through HUD's Continuum of Care Program (formerly the Supportive Housing Program) for more than 20 years, and has extensive experience leveraging additional resources and funds to appropriately support these contracts. PATH currently has more than 30 local, State, and Federal contracts, and the organization's long-standing record of leveraging resources to effectively meet contract goals and requirements has led to many of these contracts being renewed year after year. We have also been able to use private sector funds to leverage in-kind donations through AmVets and other local community businesses and volunteers who provided supplies and furnishings that allow our homeless veterans and families to move into spaces that truly feel like home.

**3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.**

The HACoLA employs the modified – accrual basis of accounting. The HACoLA also uses internal accounting controls. These controls employ best practices specific to government accounting. They are designed to provide reasonable assurance for the safeguarding of assets against loss from unauthorized use or disposition, and reliability of financial records for preparing financial statements while maintaining accountability for assets. The concept of reasonable assurance used by the HACoLA recognizes that the cost of control should not exceed the benefits likely to be derived from it; and the evaluation of costs and benefits requires estimates and judgments by management. The HACoLA believes that the internal controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. PATH's programs rely on the expertise and collaboration of an interdisciplinary team that works together to maximize our programs' effectiveness. Its program areas are each overseen by a qualified program director. These program directors each report to PATH's Chief Program Officers, both of whom are licensed clinical social workers. The Chief Program Officers are part of a seven-person senior management team, which is overseen by the Chief Executive Officer. The Chief Executive Officer and senior management team then report on all programs and organizational activities to the administrative board of directors, which ultimately presides over all of PATH's activities. Oversight of the Gateway Connections program is provided by Colleen Murphy, PATH's Director of Community Initiatives. Ms. Murphy has overseen the Gateway Connections program since it began in 2012. Each partner is responsible for conducting VI-SPDATs, local street outreach, case management, housing placement, supportive services for individuals living in permanent housing, and community mobilization efforts in their designated regions.

**4a. Are there any unresolved monitoring or audit findings for any HUD grants (including ESG) operated by the applicant or potential subrecipients (if any)?** No

### 3A. Project Detail

**Instructions:**

The selections made on this screen will determine the remaining screens that must be completed for this project application.

**CoC Number and Name:** Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select "No CoC."

**CoC Applicant Name:** Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

**Project Name:** This is pre-populated from the "Project" Form and cannot be edited.

**Project Status:** The default selection is "Standard," indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2014 CoC Program competition. The selection should only be changed to "Appeal" in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see the CoC Program Competition Appeals Notice.

**Component Type:** This is a populated field with "PH" and cannot be edited. Permanent supportive housing or rapid re-housing projects are the only type of new projects applications that can be submitted in the FY 2014 CoC Program Competition.

**Energy star:** This field is required. Select "Yes" or "No" to indicate if Energy Star is being used in this project at one or more properties that will receive funding in this CoC Program Competition.

**Title V:** This field is required. Select "Yes" or "No" to indicate if one or more properties being served by this project were acquired under Title V.

## 3B. Project Description

**Instructions:**

Provide a description that addresses the entire scope of the proposed project: This field is required. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Please note that projects applying for permanent supportive housing bonus funds have additional requirements for the project description narrative. These requirements include but are not limited to describing the capacity for assessing need, prioritizing persons with the most severe needs and outreach to the chronically homeless, as well as experience with and a description of the program design for implementing housing first. Project applicants must review the FY 2014 Funding Notice for full details concerning these requirements.

Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work: This is a required field. Provide a schedule and describe both a management plan and implementation methodology that will ensure that the project will begin operating within the requirements described in the FY 2014 Funding Notice and CoC Program interim rule if it is selected for a funding award.

Will your project participate in a CoC Coordinated Assessment System: This is a required field. Select "Yes" if the project is currently participating in a coordinated assessment system. If a coordinated assessment system does not exist in the CoC or if the project does not participate, select "No."

Will your project have a specific population focus: This is a required field. Select "Yes" if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If "Yes" is selected, select the relevant checkbox(es) to identify the project's population focus. Please remember that applicants may only request PSH Bonus funds that serve exclusively chronically homeless or new reallocated funds for PSH projects that serve the chronically homeless or for RRH projects that serve households with children. At a minimum, the appropriate subpopulation should be reflected in the answer to this question.

Will the project follow a "Housing First" model: This is a required field. Select "Yes" if the project currently follows a housing first approach that allows the homeless to enter without barriers such as income, sobriety, etc. Select "No" if the project does not follow a housing first approach.

If applicable, describe the proposed development activities and the responsibilities that the applicant and potential subrecipients (if any) will have in developing, operating, and maintaining the property. This field must be completed if the project applicant will request capital costs (e.g., acquisition, rehabilitation, or new construction) in the project application. Provide a detailed list of the activities and responsibilities assigned to the applicant and each subrecipient (if any). Note: A PSH Bonus project cannot request capital costs.

Will the PH project provide PSH or RRH: This is a required field. Select PSH if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select RRH if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

Indicate the maximum length of assistance. RRH projects may provide assistance to participants for a period of up to 24 months but may choose from 3, 12, 18, and 24 month periods. There is no time limit for PSH projects. Therefore, when PSH is selected, "Unlimited Assistance" will automatically populate and will be read only.

Will the project request costs under the rental assistance budget line item? This is a required field. If requesting rental assistance, select Yes from the dropdown menu. If not requesting rental assistance in this project application, select No.

Describe the method for determining the type, amount, and duration of rental assistance that participants can receive. If the project is requesting rental assistance, describe the method or process the applicant will use to determine the type, amount, and duration of rental assistance that participants can receive. For PSH projects this generally means a brief explanation of the choice of rental assistance type (PRA, SRA, or TRA) as all PSH projects are required to offer

unlimited duration of assistance.

Will participants be required to live in a particular structure, unit, or locality, at some point during the period of participation: This is a required field. If "Yes" is selected, explain how and why the project will implement this requirement for participants to live in particular structure, unit, or locality during all or a portion of the period of participation.

Will more than 16 persons live in one structure: This is a required field. If "Yes" is selected, describe the local market conditions that necessitate a project of this size and describe how the project will be integrated into the neighborhood.

**1. Provide a description that addresses the entire scope of the proposed project.**

Gateway Connections is a collaborative effort to address homelessness in the Gateway Cities region of Los Angeles County, which falls within Service Planning Area (SPA) 7. The initiative combines the services and experience of five agencies (PATH, Helpline Youth Counseling, Whittier First Day, Our Place Housing Solutions, and the City of Long Beach) to assess, serve, and permanently house the most vulnerable homeless individuals living on the community's streets via coordinated assessment and entry system using a prioritized list.

PATH serves as the lead agency on the collaborative's behalf, providing regional coordination for outreach, assessment, and tracking, training for first responders, advocacy, coordination of scattered-site leasing, mobilization of local policy makers, and leadership for region-wide communications efforts. PATH ensures that the four local agencies are working together effectively to serve the entire Gateway Cities region and providing consistent, coordinated services for the homeless individuals we serve.

The primary focus of the program is to connect homeless individuals with appropriate permanent housing coupled with critical wraparound supportive services. Housing locators are responsible for the location of permanent housing, and work with area landlords to inform them about Gateway Connections and encourage them to rent to our clients. These housing locators maintain a list of landlords who are willing to rent to our clients and the number of units they have available, which currently contains more than 600 landlords. They work with partner agencies and their clients to link clients with appropriate available units, and provide assistance communicating with landlords. After participants have been placed in permanent housing, navigators provide ongoing case management, education, and linkages to critical supportive services for as long as necessary to ensure that participants maintain long-term housing stability.

**2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.**

The expected start date of the project is July 1, 2015 and program implementation will begin immediately upon contract execution. The requested vouchers will be utilized as part of PATH's existing Gateway Connections program, which means that no staffing up time is necessary in order to implement the program. Immediately upon contract execution, clients will already be "match ready" and PATH will begin matching eligible clients from the CES to these vouchers and assisting them with the application process. Our robust housing location team will assist with placing these clients as quickly as possible.

PATH is extremely experienced working with tenant-based subsidy programs through our HUD-VASH contracts, as well as through long-standing contracts with the Housing Authorities of the City of Los Angeles (HACLA) and County of Los Angeles (HACoLA) for Homeless Set-Aside vouchers. We have refined our processes for appropriately screening clients, assisting them with securing documentation, completing and reviewing applications, and partnering with them to navigate the Housing Authority process from interview to voucher issuance to lease-up.

### 3C. Project Expansion Information

**Instructions:**

Will the project use an existing housing facility or incorporate activities provided by an existing project: This is a required field. Select "Yes" or "No" to indicate whether the proposed project expands an existing project in any way either by increasing the number of persons served, providing additional supportive services, bringing existing facilities up to state or local government health and safety standards, or if the funding replaces the loss of non-renewable funding. If "Yes," select all of the applicable expansion activities and provide a description for each.

Select the activities below that describe the expansion project, and click on the "Save" button below to provide additional details. Select one or more of the following activities that describe the type of expansion being proposed. Once all selections have been made, click on the "Save" button in order for follow-up questions related to the applicable selections to be made visible.

**Increase the number of homeless persons served**  
The project applicant will complete a table to indicate what the current level of effort (i.e., number of persons currently being served) and what the new level of effort will be as a result of this expansion project. The project applicant should enter the number of persons/units/beds based on the full capacity (currently and after expansion) at a single point in time and not based on the number of persons served over the course of an operating year.

**Provide additional supportive services to homeless persons**  
Select from the available items in the first menu and click "Add" or "Add All" to move them to the second menu. To cancel selection of one or more items added to the second menu, click on the appropriate selection(s) and then click "Remove" or "Remove All."  
Use the text box provided to justify the supportive service increase indicated in the second menu screen above.

**Bring existing facilities up to state or local government health and safety standards**  
Use the text box provided to describe how the project is proposing to "bring the existing facility(ies) up to state/local government health and safety standards." Please reference the applicable standard(s).

**Replace the loss of nonrenewable funding**  
a) Use the text box provided to describe the source of non-renewable funding.  
b) Use the text box provided to describe why the funds are non-renewable.  
c) Select the date from the date field corresponding to the date when the non-renewable funds will expire.  
d) Use the text box provided to describe what steps were taken to obtain other funding sources.  
e) Use the text box provided to describe why CoC Program funds are needed to continue operating the project.

## 4A. Supportive Services for Participants

**Instructions:**

Are the proposed project policies and practices consistent with the laws related to providing education services to individuals and families: This is a required field. Select "Yes," "No," or "N/A" to indicate whether the project policies provide for educational and related services to individuals and families experiencing homelessness, and if the policies are consistent with local and federal educational laws, including the McKinney-Vento Act. Only projects that do not serve families with children or unaccompanied youth should select "N/A." If "No" is selected, the project applicant will be required to answer an additional question.

Does the proposed project have a designated staff person to ensure that children are enrolled in school and receive educational services, as appropriate: This is a required field. Select "Yes," "No," or "N/A" to indicate whether the project has a designated staff person responsible for ensuring that children and youth are enrolled in school and connected to the appropriate services within the community, including early childhood education programs such as Head Start, Part C of the Individuals with Disabilities Education Act, and McKinney-Vento education services. Only projects that do not serve families with children or unaccompanied youth should select "N/A." If "No" is selected, the project applicant will be required to answer an additional question.

Describe the manner in which the project applicant will take into account the educational needs of children when youth and/or families are placed in housing: This is a required field if a response of "No" is given for either one of the two preceding questions. Use this space to explain how the project will plan to meet the educational needs of children and youth participants according to the requirements specified under section 426.B.4 of the McKinney-Vento Act as amended by HEARTH.

Describe how participants will be assisted to obtain and remain in permanent housing: This is a required field. Describe how the project applicant will assist project participants to obtain and remain in permanent housing. The response should address how the applicant will take into consideration the needs of the target population and the barriers that are currently preventing them from obtaining and maintaining permanent housing. The applicant should describe how those needs and barriers will be addressed through the case management and/or other supportive services that will be offered through the project. If participants will be housed in units not owned by the project applicant, the narrative must also indicate how appropriate units will be identified and how the project applicant or subrecipient will ensure that rents are reasonable. Established arrangements and coordination with landlords and other homeless services providers should be detailed in the narrative.

Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently: This is a required field. Describe the supportive services that will be provided to help project participants locate employment and access mainstream resources so that they are more likely to be able to live independently.

For all supportive services available to participants, indicate who will provide them, how they will be accessed, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider or mode of Access is relevant for a single service, please select the provider and mode of access that corresponds to the highest frequency.

- Provider: select one of the following: "Applicant" to indicate that the applicant will provide the service directly; "Subrecipient" to indicate that a subrecipient will provide the service directly; "Partner" to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, "Non-Partner" to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Access: Select the most common method of access for participants. If more than one mode is equally common, choose the most convenient.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as "—select—" when services are not applicable.

To what extent are most community amenities available to project participants: This field is required. Select the answer that best fits the level of accessibility of community amenities such as: Schools, libraries, houses of worship, grocery stores, laundromats, doctors, dentists, parks or recreation facilities. If accessibility varies significantly by amenity, choose the level that best describes most of the amenities or the average accessibility of amenities.

**1a. Are the proposed project policies and practices consistent with the laws related to providing education services to individuals and families?** Yes

**1b. Does the proposed project have a designated staff person to ensure that the children are enrolled in school and receive educational services, as appropriate?** Not Applicable

**2. Describe how participants will be assisted to obtain and remain in permanent housing.**

As part of a larger coordinated assessment and entry system in SPA 7, staff will determine each individual’s needs, create a comprehensive Individual Housing and Service Plan, match them with appropriate supportive services, and prioritize them for permanent housing (PH). Navigators guide participants through the system and help them access the services they need. Navigators start “where the person is” and address what s/he identifies as needs, building trust and rapport. Also, PATH has developed a robust landlord cultivation program to help our clients obtain appropriate PH. Once participants have transitioned into PH, navigators continue providing individualized support in their homes while helping them access any off-site services they need. Our navigation teams use a “whatever it takes” approach to help clients navigate services, including identifying specific services each client needs, making appointments, providing transportation, and conducting follow-up with the provider.

**3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.**

PATH has extensive experience helping program participants maximize their ability to live independently and increase their income, both through employment and mainstream benefits, as part of our Gateway Connections program.

Through our partner organization, Our Place Housing Solutions, Gateway Connections program participants have access to a job training program known as Good Soil Industries (GSI). GSI is a social enterprise endeavor based in Bellflower that helps hard-to-hire individuals work their way out of poverty. Participants receive job acquisition and retention training, assistance with goal setting and accountability, financial planning assistance, and life coaching. The program also employs hard-to-hire individuals as part of its overall effort to systematically reduce homelessness and reduce its participants' reliance on financial assistance. Program participants are provided with transitional job opportunities, lasting three to six months, through GSI Landscape Services, which provides landscape maintenance for commercial and residential properties. The program allows participants to develop employable skills and build a recent work history, which results in 90% of all program participants successfully transitioning into steady, full-time employment after completing the program.

In addition to this program, Gateway Connections links program participants to numerous other employment-focused programs within SPA 7.

**4. For all supportive services available to participants, indicate who will provide them, how they will be accessed, and how often they will be provided.**

## 4B. Housing Type and Location Detail

### Instructions:

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

How many of the total beds entered in "b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project's grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC's Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated to the chronically homeless, enter "0." If this is a new reallocated PSH project, all beds must be dedicated to the chronically homeless.

How many of the total beds entered in "b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2014 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter "0."

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

## 5B. Project Participants - Subpopulations

**Instructions:**

\*This screen can only be completed once Screen "5A. Project Participants – Households" has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on the screen according to household types.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the "Total Persons" rows will calculate automatically when the "Save" button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column "Persons not represented by listed subpopulations." Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Please note that New PSH projects may only serve the chronically homeless (i.e. the head of household must have a qualifying disability and be considered chronically homeless according to the chronic homeless definition).

## 5C. Outreach for Participants

**Instructions:**

Enter the percentage of homeless person(s) who will be served by the proposed project for each of the following locations: This is a required field. The population to be served must meet program eligibility requirements in 24 CFR 578 and additional eligibility requirements in both the FY 2013 – FY 2014 CoC Program NOFA and FY 2014 Funding Notice for permanent supportive housing and rapid re-housing. To complete this table, enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Homeless persons as defined under other federal statutes (TH and SSO only and HUD approval REQUIRED)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the "Save" button is clicked. A warning message will appear if the total is greater than 100%.

If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements: This field is required if the total percentage calculate above is less than 100 percent. If required, explain where the unaccounted for participants will come from. All participants served in CoC Program funded projects must meet eligibility criteria set forth in the CoC Program interim rule and the FY 2014 Funding Notice.

Describe the outreach plan to bring these homeless participants into the project: This field is required. Describe how the applicant/subrecipient plans to bring homeless persons into the project. Also describe the contingency plan that the applicant/subrecipient will implement if the project experiences difficulty in meeting the requirements to serve exclusively chronically homeless individuals and/or families. The contingency plan may include re-evaluating the intake assessment procedures or outreach plan.

Please note that the definition of Chronic Homelessness qualifies persons as chronically homeless only when they come from the street or other locations not meant for human habitation, emergency shelter, or safe havens. Additionally, to qualify for rapid rehousing, persons may only come from the street or other locations not meant for human habitation, emergency shelter, or safe havens.

Additional Resources can be found at the HUD Exchange:

30%	Directly from emergency shelters.
	Directly from safe havens.
	From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens.

**2. If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements.**

n/a

**3. Describe the outreach plan to bring these homeless participants into the project.**

The requested vouchers will be utilized as part of PATH's existing Gateway Connections program. Immediately upon contract execution, clients will already be "match ready" and PATH will begin matching eligible clients from the larger Coordinated Entry and Assessment System for SPA 7 to these vouchers and assisting them with the application process. Our robust housing location team will assist with placing these clients as quickly as possible.

## 6A. Standard Performance Measures

**Instructions:**

**Housing Measures:** This is a required field. Persons remaining in permanent housing as of the end of the operating year or exiting to permanent housing (subsidized or unsubsidized) during the operating year: Count each participant who is still living in your units supported by your facility as well as clients who have exited your units and moved into another permanent housing situation.

**Income Measure:** This is a required field where at least one option must be chosen by the project applicant.

- a. Persons age 18 and older who maintained or increased their total income (from all sources) as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Total income can include all sources, public and private
- b. Persons age 18 through 61 who maintained or increased their earned income as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Earned income should only include income from wages and private investments, and not public benefits.

For each measure, enter a number in the blank cells according to the following instructions:  
**Universe (#):** Enter the total number of persons about whom the measure is expected to be reported. The Universe is the total pool of persons that could be affected.

**Target (#):** Enter the number of applicable clients from the universe who are expected to achieve the measure within the operating year. The Target is the total number of persons from the pool that are affected.

## 7A. Funding Request

### Instructions:

Will it be feasible for the project to be under grant agreement by September 30, 2016: This is a required field. Select "Yes" or "No" to indicate if this project application is awarded if it will be in a position to begin operating by September 30, 2016. The FY 2014 HUD Appropriations Act requires HUD to obligate FY 2014 CoC Program funds by this date. If "No" is selected, or if the deadline is not met may result in the rejection of a grant or the recapture of conditionally awarded funds.

Is the project proposing to use funds reallocated from the CoC's annual renewal demand OR is the project applying for funding through the permanent supportive housing bonus? Select "Reallocation" if this project application was created through the use of funds reallocated from one or more eligible renewal projects. Select "Permanent Supportive Housing Bonus" if this project is applying for permanent supportive housing bonus funds.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select "Yes" or "No" to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult OMB circulars A-122 and A-87 and contact your local HUD office.

Select a grant term: This is a required field. Select the term of the proposed project application. The selection here will determine how the "Summary Budget" will calculate the total funding request. Please refer to the FY 2014 Funding Notice for details concerning grant terms and years of funding for different project types and eligible costs.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budgets for which funding is being requested. The choices available will depend on the project type selected on Screen 3B. The following eligible cost budgets may be listed: acquisition/rehabilitation/new construction, leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities for which the applicant is requesting funding from HUD through the FY 2014 CoC Program competition. NOTE: Permanent supportive housing bonus projects may not request capital costs. They may request scattered site leasing or tenant based rental assistance; or, if and only if, the applicant can demonstrate that it owns a building or units that are ready to be occupied it may instead request operating costs, project based rental assistance, or sponsor based rental assistance.

If you do not see the eligible cost budgets that you expected, you may need to return to Screen "3B. Project Description" to review the type of project selected. See the FY 2014 Funding Notice and the FY 2013 – FY 2014 CoC Program NOFA for additional guidance.

### Instructions:

Match and Leverage are two distinct categories of funds from other sources that will be used in conjunction with this project, if awarded. Match (cash or in-kind) must be used for eligible program costs only and must be equal or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Leverage funds can be used for any program related costs and there is no minimum requirement. Please review rule 24 CFR Part 578, the FY 2014 Funding Notice, and the FY 2013 - FY 2014 CoC Program NOFA for more detailed information concerning Match and Leverage.

Will this commitment be used towards Match or Leverage? Select Match or Leverage to categorize each commitment being entered.

Type of Commitment: Select Cash (\$) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

Type of Source: Select Private or Government to denote the source of the contribution. The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of Written Commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/Leverage screen will populate the Screen "7J. Summary Budget." The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

## 7J. Summary Budget

**Instructions:**

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to the field "9. Admin (Up to 10%)."

**Admin (Up to 10%):** Enter the amount of requested administration funds. The grant will not fund greater than 10% of the request listed in the field "Sub-Total Eligible Costs Request." Additionally, HUD will not fund greater than 7% of the request listed in the field "Sub-Total Eligible Costs Requested," if the CoC received bonus points in the FY 2013 CoC Program competition for submitting all CoC projects at or below 7%. If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

**Total Assistance plus Admin Requested:** This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is this is the total amount of funding the project applicant will request in the FY 2014 CoC Program Competition.

**Cash Match:** This field is automatically populated. If it needs to be changed, return to Screen "7I. Sources of Match/Leverage" to make changes to this field.

**In-Kind Match:** This field is automatically populated. If it needs to be changed, return to Screen "7I. Sources of Match/Leverage" to make changes to this field.

**Total Match:** This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "7I. Sources of Match/Leverage" to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

**The following information summarizes the funding request for the total term of the project. However, the appropriate amount of cash and in-kind match and administrative costs must be entered in the available fields below.**

Dear Sir or Madam:

This letter is in response to your telephone call of December 9, 2002, requesting a copy of your organization's determination letter. This letter will take the place of the copy you requested.

Our records indicate that a determination letter issued in February 1985, granted your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than \$25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of \$20 a day, up to a maximum of \$10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization's present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

The law requires you to make your organization's annual return available for public inspection without charge for three years after the due date of the return. If your organization had a copy of its application for recognition of exemption on July 15, 1987, it is also required to make available for public inspection a copy of the exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. You can charge only a reasonable fee for reproduction and actual postage costs for the copied materials. The law does not require you to provide copies of public inspection documents that are widely available, such as by posting them on the Internet (World Wide Web). You may be liable for a penalty of \$20 a day for each day you do not make these documents available for public inspection (up to a maximum of \$10,000 in the case of an annual return).

Because this letter could help resolve any questions about your organization's exempt status and foundation status, you should keep it with the organization's permanent records.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

This letter affirms your organization's exempt status.

Sincerely,

John E. Ricketts, Director, TE/GE
