1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

The Housing Authority of the County of Los Angeles (Housing Authority) is the second largest Housing Authority in the Southern California area. The Housing Authority has earned HUD's highest rating in performance, High Performer, the last four years in a row. The Housing Authority has successfully administered Continuum of Care (CoC) Program grants since 1995 and currently administers 24 CoC grants: 5 five-year grants and 19 one-year renewal grants totaling \$29,981,771 effectively utilizing this federal funding within the required timelines. These grants will ultimately provide rental assistance and valuable supportive services for up to 911 otherwise homeless families under a variety of projects.

The Housing Authority also administers the Housing Choice Voucher Program, the federal government's major program for assisting very low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. There are approximately 19,957 vouchers allocated under this program with a budget that exceeds \$270,000,000. In addition, the Housing Authority administers, the Housing Opportunities With Aids Program, the Family Self-Sufficiency Program, the Veterans Affairs Supportive Housing Program and several other housing programs targeting the neediest of the needy.

DMH possesses the capacity and infrastructure to implement this grant quickly and successfully. Since 1996, DMH has been granted 928 Shelter Plus Care Certificates and over 1,000 Homeless Section 8 Tenant Based Supportive Housing Vouchers through its contracts with the Housing Authorities of the City and County of Los Angeles (HACLA and HACoLA). Currently, DMH has 11 Contracts with the Housing Authorities. DMH has an entire division, Countywide Housing Employment and Education Resource Development devoted to the management of housing resources including a Federal Housing Subsidy Unit which is dedicated to managing its CoC grants. This unit is responsible for ensuring all grant requirements are met including meeting the required lease up schedule. DMH has always been in good standing with its CoC contracts.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

The Housing Authority of the County of Los Angeles (HACoLA) has secured over 25 Continuum of Care Grants, totaling over 900 certificates, through a very competitive annual funding process. HACoLA received its first SPC grant through the 1995 funding round and has successfully partnered with approximately 12 non-profit sponsor agencies to provide an array of supportive services to a diversified group of special needs clients ranging from severely mentally ill, homeless veterans to victims of domestic violence.

DMH is the local Mental Health Plan for Los Angeles County through which all leveraged MediCal for leveraged mental health services, other federal mental health funding such as SAMHSA and PATH; state mental health funding such as Mental Health Services Act funds and Los Angeles County General Fund dollars for mental health are administered. With a budget of approximately \$2 billion, DMH uses its multiple funding sources to meet the match and leverage requirements for its current CoC grants. For each of the 32 Quarterly and Annual Progress Reports DMH has submitted each year for the 8 current CoC contracts, DMH has been able to successfully leverage other funds to meet the CoC match requirements.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

In 1982, the Los Angeles County Board of Supervisors created the Community Development Commission (CDC) which includes the Housing Authority and the Community Development Department. The Board of Supervisors serves as the Commissioners of the CDC as well as the Commissioners of HACoLA -- setting policy for the agency. HACoLA also has a Housing Commission, which is composed of 12 advisory Commissioners. The CDC/HACoLA Executive Director reports to the Board of Commissioners. Over 70% of the CDC's funding comes from HUD. In Fiscal Year 2014-2015, the agency has a budget of \$474 million and a total staff size of 563.

The HACoLA employs the modified – accrual basis of accounting. The HACoLA also uses internal accounting controls. These controls employ best practices specific to government accounting. The internal controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions without allowing the cost of control to exceed the benefits likely to be derived from it.

DMH is a large organization with a hierarchical structure that delineates the responsibilities for the oversight of programs and coordination with all partners. While CHEERD manages the S+C contracts directly, CHEERD works with our Chief Information Office Bureau to capture the dollar value of all of the services provided to S+C participants that are billed through the Integrated System (IS) claiming system which is being replaced by the Integrated Behavioral Health Information System (IBHIS). DMH maintains a Quality Assurance (QA) plan. This plan includes monitoring the clients' charts to verify that there is documentation to support the claims. DMH uses information from the IS/IBHIS to capture the required in-kind service match. IS/IBHIS data is monitored by the Central Business Office and audited by the Los Angeles County Auditor-Controller (LACA-C) and State Department of Health Care Services.

DMH also has a Financial Services Bureau that oversees and manages the Department's budget and accounting operations. The County of Los Angeles utilizes an electronic general ledger system known as eCAPS to process its accounts payables and cash collections. The current practice is to submit claims in arrears for grant funds. Cash management for the departments is handled centrally by the LACA-C. The electronic Countywide Accounting and Purchasing System (eCAPS) is used to track the grant costs incurred/paid through the use of account numbers set up specifically for the grant. An annual Indirect Cost Rate Proposal (ICRP) is prepared by DMH and is reviewed and approved by LACA-C. In general, projects receive an allocated share of indirect costs using the appropriate Indirect Cost Rate for that project from the approved ICRP. In projects funded from multiple sources, an equitable distribution of indirect costs is made to the direct costs associated with each funding source.

4a. Are there any unresolved monitoring or audit findings for any HUD grants (including ESG) operated by the applicant or potential subrecipients (if any)? No

3A. Project Detail

Instructions:

The selections made on this screen will determine the remaining screens that must be completed for this project application.

CoC Number and Name: Select the number and name of the CoC to which the project application will be submitted for the local competition review process. This is the CoC that will submit the CoC Consolidated Application to HUD by the designated submission deadline. Applicants with projects that do not belong to a CoC should select "No CoC."

CoC Applicant Name: Select the name of the CoC Applicant, also known as the Collaborative Applicant, from the dropdown. In most cases, there will only be one name from which to choose. The project applicant should choose the name of the CoC Applicant to which they intend to submit this project application.

Project Name: This is pre-populated from the "Project" Form and cannot be edited.

Project Status: The default selection is "Standard," indicating that the applicant is submitting the application to the Collaborative Applicant for consideration in the FY 2014 CoC Program competition. The selection should only be changed to "Appeal" in the event that the project application is rejected by the Collaborative Applicant (either formally in e-snaps or outside of e-snaps) and the project applicant wants to appeal this decision directly to HUD by submitting a solo application. For additional information on the appeal process, see the CoC Program Competition Appeals Notice.

Component Type: This is a populated field with "PH" and cannot be edited. Permanent supportive housing or rapid re-housing projects are the only type of new projects applications that can be submitted in the FY 2014 CoC Program Competition.

Energy star: This field is required. Select "Yes" or "No" to indicate if Energy Star is being used in this project at one or more properties that will receive funding in this CoC Program Competition.

Title V: This field is required. Select "Yes" or "No" to indicate if one or more properties being served by this project were acquired under Title V.

3B. Project Description

Instructions:

Provide a description that addresses the entire scope of the proposed project: This field is required. The project description should address the entire scope of the project, including a clear picture of the target population(s) to be served, the plan for addressing the identified needs/issues of the CoC target population(s), projected outcome(s), and coordination with other source(s)/partner(s). The narrative is expected to describe the project at full operational capacity. The description should be consistent with and make reference to other parts of this application.

Please note that projects applying for permanent supportive housing bonus funds have additional requirements for the project description narrative. These requirements include but are not limited to describing the capacity for assessing need, prioritizing persons with the most severe needs and outreach to the chronically homeless, as well as experience with and a description of the program design for implementing housing first. Project applicants must review the FY 2014 Funding Notice for full details concerning these requirements.

Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work: This is a required field. Provide a schedule and describe both a management plan and implementation methodology that will ensure that the project will begin operating within the requirements described in the FY 2014 Funding Notice and CoC Program interim rule if it is selected for a funding award.

Will your project participate in a CoC Coordinated Assessment System: This is a required field. Select "Yes" if the project is currently participating in a coordinated assessment system. If a coordinated assessment system does not exist in the CoC or if the project does not participate, select "No."

Will your project have a specific population focus: This is a required field. Select "Yes" if your project has special capacity in its facilities, program designs, tools, outreach or methodologies for a specific subpopulation or subpopulations. This does not necessarily mean that the project exclusively serves that subpopulation(s), but rather that they are uniquely equipped to serve them. If "Yes" is selected, select the relevant checkbox(es) to identify the project's population focus. Please remember that applicants may only request PSH Bonus funds that serve exclusively chronically homeless or new reallocated funds for PSH projects that serve the chronically homeless or for RRH projects that serve households with children. At a minimum, the appropriate subpopulation should be reflected in the answer to this question.

Will the project follow a "Housing First" model: This is a required field. Select "Yes" if the project currently follows a housing first approach that allows the homeless to enter without barriers such as income, sobriety, etc. Select "No" if the project does not follow a housing first approach.

If applicable, describe the proposed development activities and the responsibilities that the applicant and potential subrecipients (if any) will have in developing, operating, and maintaining the property. This field must be completed if the project applicant will request capital costs (e.g., acquisition, rehabilitation, or new construction) in the project application. Provide a detailed list of the activities and responsibilities assigned to the applicant and each subrecipient (if any). Note: A PSH Bonus project cannot request capital costs.

Will the PH project provide PSH or RRH: This is a required field. Select PSH if the project will operate according to a permanent supportive housing model as defined by 24 CFR 578. Select RRH if the project will operate according to a rapid rehousing model as defined by 24 CFR 578.

Indicate the maximum length of assistance. RRH projects may provide assistance to participants for a period of up to 24 months but may choose from 3, 12, 18, and 24 month periods. There is no time limit for PSH projects. Therefore, when PSH is selected, "Unlimited Assistance" will automatically populate and will be read only.

Will the project request costs under the rental assistance budget line item? This is a required field. If requesting rental assistance, select Yes from the dropdown menu. If not requesting rental assistance in this project application, select No.

Describe the method for determining the type, amount, and duration of rental assistance that participants can receive. If the project is requesting rental assistance, describe the method or process the applicant will use to determine the type, amount, and duration of rental assistance that participants can receive. For PSH projects this generally means a brief explanation of the choice of rental assistance type (PRA, SRA, or TRA) as all PSH projects are required to offer

unlimited duration of assistance.

Will participants be required to live in a particular structure, unit, or locality, at some point during the period of participation: This is a required field. If "Yes" is selected, explain how and why the project will implement this requirement for participants to live in particular structure, unit, or locality during all or a portion of the period of participation.

Will more than 16 persons live in one structure: This is a required field. If "Yes" is selected, describe the local market conditions that necessitate a project of this size and describe how the project will be integrated into the neighborhood.

The 93 tenant-based Permanent Supportive Housing resources requested through this RFP will be used by the Department of Mental Health (DMH)'s newly re-designed Projects for Assistance in Transition from Homelessness (PATH) program which is funded by PATH Federal funds and Homeless Prevention Initiative County General Funds. The PATH program will be comprised of seven Multidisciplinary Integrated Teams (MITs) that include a licensed mental health professional, case manager, certified substance abuse counselor, a peer advocate, part time Registered Nurse and a consulting psychiatrist. The PATH MITs are required to target the most vulnerable street based homeless individuals and will serve approximately 60 people at any given time which is a total of 420 clients countywide. The MITs are required to work with the regional Coordinated Entry System (CES) teams and use the standardized tool for Los Angeles County's CES, the VI-SPDAT, to assess the acuity of the people they are working with. The VI-SPDAT acuity information will be entered into the HMIS and be used to match the clients to the appropriate housing intervention. Like DMH's current S+C certificates, the CES will be used to prioritize and match clients served through the PATH MITs to these certificates based on chronic homeless criteria and the VI-SPDAT information.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

DMH fully expects to implement and achieve full capacity within the following timeframes. The newly redesigned PATH program is expected to be implemented by January 2015. The MITs will already have begun outreaching to eligible S+C participants and will be ready to submit applications upon implementation of the program. The seven PATH MITs will serve approximately 60 people at any given time which is a total of 420 clients countywide that could potentially use these resources. The PATH programs will be using CTI which is usually about nine months. As clients successfully complete CTI and are transferred to other mental health programs, new individuals who meet the PATH target population will be identified and served.

Select one or more of the following activities that describe the type of expansion being proposed. Once all selections have been made, click on the "Save" button in order for follow-up questions related to the applicable selections to be made visible.

Increase the number of homeless persons served
The project applicant will complete a table to indicate what the current level of effort (i.e., number of persons currently being served) and what the new level of effort will be as a result of this expansion project. The project applicant should enter the number of persons/units/beds based on the full capacity (currently and after expansion) at a single point in time and not based on the number of persons served over the course of an operating year.

Provide additional supportive services to homeless persons
Select from the available items in the first menu and click "Add" or "Add All" to move them to the second menu. To cancel selection of one or more items added to the second menu, click on the appropriate selection(s) and then click "Remove" or "Remove All."

4A. Supportive Services for Participants

Instructions:

Are the proposed project policies and practices consistent with the laws related to providing education services to individuals and families: This is a required field. Select "Yes," "No," or "N/A" to indicate whether the project policies provide for educational and related services to individuals and families experiencing homelessness, and if the policies are consistent with local and federal educational laws, including the McKinney-Vento Act. Only projects that do not serve families with children or unaccompanied youth should select "N/A." If "No" is selected, the project applicant will be required to answer an additional question.

Does the proposed project have a designated staff person to ensure that children are enrolled in school and receive educational services, as appropriate: This is a required field. Select "Yes," "No," or "N/A" to indicate whether the project has a designated staff person responsible for ensuring that children and youth are enrolled in school and connected to the appropriate services within the community, including early childhood education programs such as Head Start, Part C of the Individuals with Disabilities Education Act, and McKinney-Vento education services. Only projects that do not serve families with children or unaccompanied youth should select "N/A." If "No" is selected, the project applicant will be required to answer an additional question.

Describe the manner in which the project applicant will take into account the educational needs of children when youth and/or families are placed in housing: This is a required field if a response of "No" is given for either one of the two preceding questions. Use this space to explain how the project will plan to meet the educational needs of children and youth participants according to the requirements specified under section 426.B.4 of the McKinney-Vento Act as amended by HEARTH.

Describe how participants will be assisted to obtain and remain in permanent housing: This is a required field. Describe how the project applicant will assist project participants to obtain and remain in permanent housing. The response should address how the applicant will take into consideration the needs of the target population and the barriers that are currently preventing them from obtaining and maintaining permanent housing. The applicant should describe how those needs and barriers will be addressed through the case management and/or other supportive services that will be offered through the project. If participants will be housed in units not owned by the project applicant, the narrative must also indicate how appropriate units will be identified and how the project applicant or subrecipient will ensure that rents are reasonable. Established arrangements and coordination with landlords and other homeless services providers should be detailed in the narrative.

Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently: This is a required field. Describe the supportive services that will be provided to help project participants locate employment and access mainstream resources so that they are more likely to be able to live independently.

For all supportive services available to participants, indicate who will provide them, how they will be accessed, and how often they are provided. This field is required and at least one value must be entered. Complete each row of drop down menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider or mode of Access is relevant for a single service, please select the provider and mode of access that corresponds to the highest frequency.

- Provider: select one of the following: "Applicant" to indicate that the applicant will provide the service directly; "Subrecipient" to indicate that a subrecipient will provide the service directly; "Partner" to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, "Non-Partner" to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Access: Select the most common method of access for participants. If more than one mode is equally common, choose the most convenient.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as "—select—" when services are not applicable.

To what extent are most community amenities available to project participants: This field is required. Select the answer that best fits the level of accessibility of community amenities such as: Schools, libraries, houses of worship, grocery stores, laundromats, doctors, dentists, parks or recreation facilities. If accessibility varies significantly by amenity, choose the level that best describes most of the amenities or the average accessibility of amenities.

1a. Are the proposed project policies and practices consistent with the laws related to providing education services to individuals and families? Yes

1b. Does the proposed project have a designated staff person to ensure that the children are enrolled in school and receive educational services, as appropriate? Yes

2. Describe how participants will be assisted to obtain and remain in permanent housing.

The housing services include assisting with documents necessary to apply for housing, tracking the status of housing applications, providing necessary advocacy, accompanying clients to meetings with Housing Authorities and; property managers, and locating housing that is easily accessible to basic community amenities. Services include accessing funding for security deposits, furniture and household goods and transporting clients or accompanying clients. The MITs are required to work with the regional Coordinated Entry System (CES) teams and use the standardized tool for Los Angeles County's CES, the VI-SPDAT. The CES will be used to prioritize and match clients served. The PATH program stabilizes clients in housing. The MITs will assist with averting possible evictions by promptly addressing any concerns of property managers and clients, ensuring that services are provided, assisting with housing retention efforts, and facilitating communication among the involved parties.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

In addition to outreach and engagement, the MITs provide basic physical health care, mental health services including clinical assessments, medication support services, crisis intervention, case management, housing services, transportation, life skills training and substance use treatment. Case management services include assisting with obtaining financial benefits, such as SSI and medical insurance, such as MediCal, job training, education and employment services. The MITs will use the following Evidence-Based Practices: Motivational Interviewing, Housing First, Harm Reduction and Critical Time Intervention (CTI). CTI is used to provide short-term intensive services for about nine months to assist individuals' transition from homelessness to housing, stabilize them in housing and link them to other community-based services and supports including a medical home and longer term mental health services. The MITs are required to link clients that continue to need intensive mental health services to another one of their agency's intensive field-based programs such as a Full Service Partnership or Integrated Mobile Health Team. If a client no longer needs intensive mental health services, the MITs are required to link the client to another one of their agency's field-based mental health programs that can meet the client's assessed needs.

4. For all supportive services available to participants, indicate who will provide them, how they will be accessed, and how often they will be provided.

4B. Housing Type and Location Detail

Instructions:

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

How many of the total beds entered in "b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project's grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC's Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated to the chronically homeless, enter "0." If this is a new reallocated PSH project, all beds must be dedicated to the chronically homeless.

How many of the total beds entered in "b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This is a required field. Enter the number beds that are not dedicated to the chronically homeless but that are currently, or will be upon turnover, prioritized for the chronically homeless. This will be incorporated into the projects grant agreement for FY 2014 and represents the minimum number of beds for which the chronically homeless will be prioritized. If none of the beds are prioritized for the chronically homeless, enter "0."

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5B. Project Participants - Subpopulations

Instructions:

*This screen can only be completed once Screen "5A. Project Participants – Households" has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the "Total Persons" rows will calculate automatically when the "Save" button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column "Persons not represented by listed subpopulations." Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Please note that New PSH projects may only serve the chronically homeless (i.e. the head of household must have a qualifying disability and be considered chronically homeless according to the chronic homeless definition).

5C. Outreach for Participants

Instructions:

Enter the percentage of homeless person(s) who will be served by the proposed project for each of the following locations: This is a required field. The population to be served must meet program eligibility requirements in 24 CFR 578 and additional eligibility requirements in both the FY 2013 – FY 2014 CoC Program NOFA and FY 2014 Funding Notice for permanent supportive housing and rapid re-housing. To complete this table, enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Homeless persons as defined under other federal statutes (TH and SSO only and HUD approval REQUIRED)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the "Save" button is clicked. A warning message will appear if the total is greater than 100%.

If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements: This field is required if the total percentage calculate above is less than 100 percent. If required, explain where the unaccounted for participants will come from. All participants served in CoC Program funded projects must meet eligibility criteria set forth in the CoC Program interim rule and the FY 2014 Funding Notice.

Describe the outreach plan to bring these homeless participants into the project: This field is required. Describe how the applicant/subrecipient plans to bring homeless persons into the project. Also describe the contingency plan that the applicant/subrecipient will implement if the project experiences difficulty in meeting the requirements to serve exclusively chronically homeless individuals and/or families. The contingency plan may include re-evaluating the intake assessment procedures or outreach plan.

Please note that the definition of Chronic Homelessness qualifies persons as chronically homeless only when they come from the street or other locations not meant for human habitation, emergency shelter, or safe havens. Additionally, to qualify for rapid rehousing, persons may only come from the street or other locations not meant for human habitation, emergency shelter, or safe havens.

Additional Resources can be found at the HUD Exchange:
<https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/>

1. Enter the percentage of project participants that will be coming from each of the following locations.

80%	Directly from the street or other locations not meant for human habitation.
20%	Directly from emergency shelters.
	Directly from safe havens.
	From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens.

80%	Directly from the street or other locations not meant for human habitation.
	Persons fleeing domestic violence.
100%	Total of above percentages

2. If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements.

n/a

3. Describe the outreach plan to bring these homeless participants into the project.

For more than 20 years the County of Los Angeles Department of Mental Health (DMH) has provided specialized services to the homeless population through the federally funded Projects for Assistance in Transition from Homelessness (PATH) Program. PATH provides a broad array of flexible, field-based services. The PATH Programs Multi-disciplinary Integrated Teams (MITs) will implement all phases of the proposed grant, including intensive outreach and engagement on the streets of the County of Los Angeles. The MITs are required to work with the regional Coordinated Entry System (CES) teams and use the standardized tool for Los Angeles County's CES, the VI-SPDAT, to assess the acuity of the people they are working with. The VI-SPDAT acuity information will be entered into the HMIS and be used to match the clients to the appropriate housing intervention. Like DMH's current S+C certificates, the CES will be used to prioritize and match clients served through the PATH MITs to these certificates based on chronic homeless criteria and the VI-SPDAT information.

6A. Standard Performance Measures

Instructions:

Housing Measures: This is a required field. Persons remaining in permanent housing as of the end of the operating year or exiting to permanent housing (subsidized or unsubsidized) during the operating year: Count each participant who is still living in your units supported by your facility as well as clients who have exited your units and moved into another permanent housing situation.

Income Measure: This is a required field where at least one option must be chosen by the project applicant.

- a. Persons age 18 and older who maintained or increased their total income (from all sources) as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Total income can include all sources, public and private
- b. Persons age 18 through 61 who maintained or increased their earned income as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Earned income should only include income from wages and private investments, and not public benefits.

For each measure, enter a number in the blank cells according to the following instructions:
Universe (#): Enter the total number of persons about whom the measure is expected to be reported. The Universe is the total pool of persons that could be affected.

Target (#): Enter the number of applicable clients from the universe who are expected to achieve the measure within the operating year. The Target is the total number of persons from the pool that are affected.

Target (%): This field will be calculated automatically when all required fields are entered and saved. For example, if 80 out of 100 clients are expected to remain in the permanent housing program or exit to other permanent housing, the target % should be "80%."

Will it be feasible for the project to be under grant agreement by September 30, 2016: This is a required field. Select "Yes" or "No" to indicate if this project application is awarded if it will be in a position to begin operating by September 30, 2016. The FY 2014 HUD Appropriations Act requires HUD to obligate FY 2014 CoC Program funds by this date. If "No" is selected, or if the deadline is not met may result in the rejection of a grant or the recapture of conditionally awarded funds.

Is the project proposing to use funds reallocated from the CoC's annual renewal demand OR is the project applying for funding through the permanent supportive housing bonus? Select "Reallocation" if this project application was created through the use of funds reallocated from one or more eligible renewal projects. Select "Permanent Supportive Housing Bonus" if this project is applying for permanent supportive housing bonus funds.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select "Yes" or "No" to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult OMB circulars A-122 and A-87 and contact your local HUD office.

Select a grant term: This is a required field. Select the term of the proposed project application. The selection here will determine how the "Summary Budget" will calculate the total funding request. Please refer to the FY 2014 Funding Notice for details concerning grant terms and years of funding for different project types and eligible costs.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budgets for which funding is being requested. The choices available will depend on the project type selected on Screen 3B. The following eligible cost budgets may be listed: acquisition/rehabilitation/new construction, leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities for which the applicant is requesting funding from HUD through the FY 2014 CoC Program competition. NOTE: Permanent supportive housing bonus projects may not request capital costs. They may request scattered site leasing or tenant based rental assistance; or, if and only if, the applicant can demonstrate that it owns a building or units that are ready to be occupied it may instead request operating costs, project based rental assistance, or sponsor based rental assistance.

If you do not see the eligible cost budgets that you expected, you may need to return to Screen "3B. Project Description" to review the type of project selected. See the FY 2014 Funding Notice and the FY 2013 – FY 2014 CoC Program NOFA for additional guidance.

Instructions:

Match and Leverage are two distinct categories of funds from other sources that will be used in conjunction with this project, if awarded. Match (cash or in-kind) must be used for eligible program costs only and must be equal or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Leverage funds can be used for any program related costs and there is no minimum requirement. Please review rule 24 CFR Part 578, the FY 2014 Funding Notice, and the FY 2013 - FY 2014 CoC Program NOFA for more detailed information concerning Match and Leverage.

Will this commitment be used towards Match or Leverage? Select Match or Leverage to categorize each commitment being entered.

Type of Commitment: Select Cash (\$) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of Written Commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution.

The values entered on each detailed Match/Leverage screen will populate the Screen "7J. Summary Budget." The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

7J. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to the field "9. Admin (Up to 10%)."

Admin (Up to 10%): Enter the amount of requested administration funds. The grant will not fund greater than 10% of the request listed in the field "Sub-Total Eligible Costs Request." Additionally, HUD will not fund greater than 7% of the request listed in the field "Sub-Total Eligible Costs Requested," if the CoC received bonus points in the FY 2013 CoC Program competition for submitting all CoC projects at or below 7%. If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is this is the total amount of funding the project applicant will request in the FY 2014 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen "7I. Sources of Match/Leverage" to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen "7I. Sources of Match/Leverage" to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "7I. Sources of Match/Leverage" to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

The following information summarizes the funding request for the total term of the project. However, the appropriate amount of cash and in-kind match and administrative costs must be entered in the available fields below.

Dear Sir or Madam:

This is in response to your request of November 13, 2003, regarding your organization's federal tax status.

Our records indicate that your organization may be a governmental instrumentality or a political subdivision of a state.

No provision of the Internal Revenue Code imposes a tax on the income of governmental units (such as states and their political subdivisions). Therefore, it has been the position of the Service that income of governmental units is not generally subject to federal income taxation. If, however, an entity is not itself a governmental unit (or an "integral part" thereof), its income will be subject to tax unless an exclusion or exemption applies.

One exclusion is provided by section 115(1) of the Code, which excludes from gross income:
"income derived from ... the exercise of any essential governmental function and accruing to a State or any political subdivision thereof ..."

Your organization's income may not be subject to tax, either because the organization is a governmental unit (or an "integral part" thereof), or because the income is excluded under section 115. In addition, your organization may also be eligible to receive charitable contributions, which are deductible for federal income, estate, and gift tax purposes. Also, your organization is probably exempt from many federal excise taxes.

Your organization may obtain a letter ruling on its status under section 115 by following the procedures specified in Rev. Proc. 2002-1 or its successor.

Your organization may also qualify for exemption from federal income tax as an organization described in section 501(c)(3) of the Code. If the organization is an entity separate from the state, county, or municipal government, and if it does not have powers or purposes inconsistent with exemption (such as the power to tax or to exercise enforcement of regulatory powers), your organization would qualify under section 501(c)(3). To apply for exemption, complete Form 1023 and pay the required user fee.

Los Angeles County Department of Mental Health

Sometimes governmental units are asked to provide proof of their status as part of a grant application. If your organization is applying for a grant from a private foundation, the foundation may be requesting certain information from your organization because of the restrictions imposed by the Code on such foundations. One such restriction imposes a tax on private foundations that make any "taxable expenditures." Under section 4945(d) and (h) of the Code, "taxable expenditures" include (1) any grant to an organization (unless excepted), unless the foundation exercises "expenditure responsibility" with respect to the grant; and (2) any expenditure for non-charitable purposes. Under section 4942 of the Code, private foundations must also distribute certain amounts for charitable purposes each year—"qualifying distributions"—or incur a tax on the undistributed amount. "Qualifying distributions" include certain amounts paid to accomplish charitable purposes.

Private foundation grants to governmental units for public or charitable purposes are not taxable expenditures under these provisions, regardless of whether the foundation exercises "expenditure responsibility." Under section 53.4945-5(a)(4)(ii) of the Foundation and Similar Excise Tax Regulations, expenditure responsibility is not required for grants for charitable purposes to governmental units (as defined in section 170(c)(1) of the code). Similarly, grants to governmental units for public purposes are "qualifying distributions", under section 53.4942(a)-3(a) of the regulations; and, if they are for charitable purposes, will not be taxable expenditures, under section 53.4945-6(a) of the regulations. Most grants to governmental units will qualify as being for charitable (as well as public) purposes.

Because of these restrictions, some private foundations require grant applicants to submit a letter from the Service determining them to be exempt under section 501(c)(3) and classified as a non-private foundation. Such a letter, or an underlying requirement that a grantee be a public charity, is not legally required to be relieved from the restrictions described above, when the prospective grantee is a governmental unit and the grant is for qualifying (public or charitable) purposes.

We believe this general information will be of assistance to your organization. This letter, however, is not a ruling and may not be relied on as such. If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,
