1. Provide a description that addresses the entire scope of the proposed project.

The Coordinated Assessment project will fund a Systems Integration Team (SIT) that will create and establish the coordinated access and assessment system for Single Adults, Families and Youth. The SIT will include three Systems Integration Managers, each of whom will be responsible for developing protocols and targeted, evidence-based interventions appropriate for their respective population. In addition, the SIT will oversee the general operations of the system (including the development of additional resources). The three Systems Integration Managers will ensure the seamless creation, establishment and operation of the coordinated assessment system in LA CoC which will be phased in over the course of the next year.

LAHSA's Coordinated Assessment System will be unique from other CoCs throughout the Country. Most coordinated assessment systems provide only a standardized assessment and a coordinated referral process for placement in interim housing. The LAHSA system proposed will provide all of the following services:

- Standardized assessment and housing plan development
- Rapid re-housing and diversion
- Referrals/direct placement in interim housing
- Referrals/direct placement in permanent housing
- Coordination and issuance of direct financial assistance
- Ongoing follow-up services commensurate with the household's need
- Development and management of waiting lists for interim and permanent housing resources

The new coordinated assessment system will cover the LA CoC's entire geographic area. The LA CoC sits within LA County, which spans 4,000 square miles. Part of the overall coordinated assessment effort will be the prudent use of existing programs, and strategic collaborations with County/City systems and adjoining CoCs. The overarching goal is to provide coordinated assessment in LA CoC and LA County by leveraging existing resources and aligning mainstream and targeted systems.

To ensure that the entire CoC is covered by the system, LAHSA will issue a request for proposals for agencies to establish coordinated access points in geographically relevant areas of the continuum (for example, coordinated access points will be located in areas which have a high need for homeless services as indicated by the Homeless Count). As befits a physically large and spread-out community, LAHSA intends to establish a decentralized coordinated assessment system with multiple coordinated locations throughout the County.

Each coordinated assessment site will also serve as a housing resource within its respective region. Emergency Shelters and Transitional Housing programs within each region will be able to access housing assistance through direct referrals. The system will also develop and manage a regionally based waiting list for entry into emergency shelter, transitional housing, and permanent housing programs.

2. Does your project participate in a CoC Coordinated Assessment System? Yes

3. Does your project have a specific population focus? Yes

3a. Please identify the specific population focus. (Select ALL that apply)

5B. Project Participants - Subpopulations

Instructions:

ALL PROJECTS EXCEPT HMIS

*This screen can only be completed once Screen "5A. Project Participants – Households" has been completed and saved.

In each non-shaded field enter the number of persons served at maximum program capacity according to their age group, disability status, and the extent in which persons served fit into one or more of the subpopulation categories. The numbers here are intended to reflect a single point in time at maximum capacity and not the number served over the course of a year or grant term. Dark grey cells are not applicable and light grey cells will be totaled automatically.

Complete each of the three charts on this screen according to household types.

Persons in Households with at Least One Adult and One Child chart: Enter only persons in households with at least one adult and one child. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and at least one person under the age of 18.

Persons in Households without Children chart: Enter only persons in adult households without children. To be listed on this chart, a person must be part of a household with at least one person at or above the age of 18, and no persons under the age of 18.

Persons in Households with Only Children chart: Enter only persons in households with only children. To be listed on this chart, a person must be part of a household with no persons at or above the age of 18, and only persons under the age of 18.

Total Persons: All fields in the "Total Persons" rows will calculate automatically when the "Save" button is clicked.

Describe the unlisted subpopulations referred to above: This field is visible and mandatory if a number greater than 0 is entered into the column "Persons not represented by listed subpopulations." Enter text that describes the person(s) identified in this column and explains how they do not fall under the other categories in columns 1 through 9.

Describe the unlisted subpopulations referred to above:

Using HMIS data, we have estimated the populations who will receive a coordinated assessment supported by this project. In households with adults and children, most households do not fall into the categories above and are homeless due to economic hardship. In households with only adults, the majority of households fall into one of the categories above, but many households do are are briefly homeless due to economic hardship.

5C. Outreach for Participants

Instructions:

ALL PROJECTS EXCEPT HMIS

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens (persons coming from TH are not considered to be chronically homeless)
- Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (only applicable to TH and SSO projects)
- Homeless persons as defined under other federal statutes (TH and SSO only and HUD approval REQUIRED)
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the "Save" button is clicked. A warning message will appear if the total is greater than 100%.

If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements.

AND/OR

If "Persons at imminent risk..." is greater than 0 percent, identify the project as either an SSO or TH project and verify that persons served will be within 14 days of losing their housing and becoming literally homeless: This field is required if the total percentage calculated above is less than 100 percent or if a number greater than 0 was entered in the "Persons at imminent risk of losing their nighttime residence" field. If both apply, the project applicant must provide a response to both questions in this field.

If the total percentage calculated above is less than 100 percent, explain where the unaccounted for participants will come from. All participants served in CoC Program funded projects must meet eligibility criteria set forth in the CoC Program interim rule and the FY 2013 CoC Program NOFA.

If the field for "Persons at imminent risk of losing their nighttime residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing" contains a percentage greater than 0, the project applicant must indicate how these persons meet the eligibility criteria for the project component being requested (may only be TH or SSO).

1. Enter the percentage of project participants that will be coming from each of the following locations.

45%	Directly from the street or other locations not meant for human habitation.
20%	Directly from emergency shelters.
0%	Directly from safe havens.
20%	From transitional housing and previously resided in a place not meant for human habitation or emergency shelters, or safe havens.

45%	Directly from the street or other locations not meant for human habitation.
15%	Persons at imminent risk of losing their night time residence within 14 days, have no subsequent housing identified, and lack the resources to obtain other housing (TH and SSO projects only)
	Homeless persons as defined under other federal statutes (TH and SSO only and HUD approval REQUIRED)
	Persons fleeing domestic violence.
100%	Total of above percentages

2. If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements

AND/OR

If "Persons at imminent risk..." is greater than 0 percent, identify the project as either an SSO or TH project and verify that persons served will be within 14 days of losing their housing and becoming literally homeless.

This project is classified as an SSO and provides coordinated assessment to households seeking housing assistance from the shelter system. Because the project provides coordinated assessment and access to the homeless system approximately 15% of participants may be imminently at-risk of homelessness when applying for assistance. To be considered eligible for assistance, the household must be able to provide verification they are losing their housing within 14 days, have not identified subsequent housing and lack the resources and support networks needed to secure alternate housing. The participating household must complete the standardized assessment process. This project will attempt to divert the participant to resources other than the homeless system whenever possible. If the participant cannot be diverted then the project will assist the participant in securing emergency shelter. This project will support the connection of imminently at-risk participants to programs which will provide services and other assistance as appropriate but will not provide ongoing services or financial assistance to participants who qualify under the imminently at-risk category.

6B. Additional Performance Measures

Specify at least one measure on which the project will report performance in the Annual Performance Report (APR).

Proposed Measure
Reduce returns to...
Reduce new homele...
Reduce length of ...

6B. Additional Performance Measures Detail

Instructions:

For each additional measure, fill in the blank cells according to the following instructions:

Performance Measure: Provide a name for the additional performance measure. This name will populate the list on the parent additional performance measures form.

Universe (#): Enter the total number of persons/units/items about whom/which the measure is expected to be reported. The Universe is the total pool of persons/units/items that could be affected.

Target (#): Enter the number of applicable persons/units/items from the universe who/that are expected to achieve the measure within the operating year. The Target is the total number of persons/units/items from the pool that are affected.

Target (%): This field will be calculated automatically when all required fields are entered and saved. For example, if 80 out of 100 clients are expected to remain in the permanent housing program or exit to other permanent housing, the target % should be "80%."

Data Source (e.g., data recorded in HMIS) and method of data collection (e.g., data collected by the intake worker at entry and case manager at exit) proposed to measure results: (required) Use the text box provided to provide as much detail concerning the data systems and methods as possible.

Specific data elements and formula proposed for calculating results: (required) Use the text field provided and be specific.

Rationale for why the proposed measure is an appropriate indicator of performance for this program: (required) Use the text field provided to describe the appropriateness of the measure given the nature of the program.

Additional Resources can be found at the HUD Resource Exchange:

1. Specify the universe and target goal numbers for the proposed measure.

a. Proposed Measure	b. Target (#)	c. Universe (#)	d. Target (%) (Calculated)
Reduce returns to homelessness	830	18,445	4%

2. Data Source (e.g., data recorded in HMIS) and method of data collection (e.g., data collected by the intake worker at entry and case manager at exit) proposed to measure results

Program staff throughout CoC will collect client-level data at program entry and exit. That data will be recorded in HMIS and used for this measurement.

3. Specific data elements and formula proposed for calculating results

The number of unduplicated persons enrolling in emergency shelter, transitional housing, safe haven, or street outreach programs who exited any CoC program to a permanent destination within the prior 24 months DIVIDED BY the number of unduplicated persons exiting to a permanent destination within the same time period

4. Rationale for why the proposed measure is an appropriate indicator of performance for this program

The effective and consistent application of a coordinated assessment system across the CoC will result homeless persons receiving the most appropriate interventions and services to resolve their housing crises. A reduction in persons returning to homelessness indicates that homeless persons are receiving housing placements that are more effective as evidenced by long-term stability in permanent housing.

a. Proposed Measure	b. Target (#)	c. Universe (#)	d. Target (%) (Calculated)
Reduce new homelessness	18,513	49,147	38%

2. Data Source (e.g., data recorded in HMIS) and method of data collection (e.g., data collected by the intake worker at entry and case manager at exit) proposed to measure results

Program staff throughout CoC will collect client-level data at program entry and exit. That data will be recorded in HMIS and used for this measurement.

3. Specific data elements and formula proposed for calculating results

The number of unduplicated persons enrolling in programs, with a housing status of literally homeless at program entry, who are entered into HMIS for the first time DIVIDED BY the total number of up-duplicated persons enrolling in programs, with a housing status of literally homeless at program entry, in the same time period

4. Rationale for why the proposed measure is an appropriate indicator of performance for this program

The effective and consistent application of a coordinated assessment system across the CoC will result in homeless persons and those at-risk of becoming homeless receiving the most appropriate interventions and services to resolve their housing crises. A reduction in newly homeless persons indicates that persons who are at-risk of or imminently losing their housing are more likely to stabilize and less likely to lose housing and apply for shelter.

Program staff throughout CoC will collect client-level data at program entry and exit. That data will be recorded in HMIS and used for this measurement.

3. Specific data elements and formula proposed for calculating results

The sum of the number of nights spent in homeless programs DIVIDED BY the number of program enrollments in the program year.

4. Rationale for why the proposed measure is an appropriate indicator of performance for this program

The effective and consistent application of a coordinated assessment system across the CoC will result homeless persons receiving the most appropriate interventions and services to resolve their housing crises. A reduction in length of stay is an indicator that homeless persons are being connected to the most appropriate resources to quickly move them to stable, permanent housing.

7A. Funding Request

Instructions:

ALL PROJECT APPLICATIONS

The fields that must be completed on this screen will vary based on the project type, program type, and component type selected earlier in the project application.

Do any of the properties in this project have an active restrictive covenant: This is a required field. Select "Yes" or "No" to indicate whether or not one or more of the project properties are subject to an active restrictive covenant.

Was the original project awarded as either a Samaritan Bonus or Permanent Housing Bonus project: This is a required field. Indicate if this project previously received funds under either the Samaritan Housing or Permanent Housing Bonus initiative. If yes, then the project must continue to meet the requirements of the initiative, as specified in the Homeless Assistance Grants NOFA for the year in which funds were originally awarded, in order to continue to receive renewal funding under the CoC Program Competition.

Are the requested renewal funds reduced from the previous award as a result of reallocation?: This is a required field. Select "Yes" or "No" to indicate whether the renewal project is reduced through the reallocation process. The response will be compared to the CoC's Reallocation.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select 'Yes' or 'No' to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult OMB circulars A-122 and A-87 and contact your local HUD office.

Select a grant term: This field is pre-populated with a one-year grant term.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budget for which funding is being requested. The choices available will depend on the component and project type selected at the beginning of this project application. The following eligible costs may be listed: leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities listed on the CoC's final HUD-approved FY 2014 GIW.

If you do not see the funding budgets that you expected, you may need to return to Screen "3A. Project Detail" to review the "Component Type" and/or "3B. Project Description" to review the type of project selected. See the FY 2014 Funding Notice and the FY 2013 – FY 2014 CoC Program NOFA for additional guidance.

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating "1FTE" is NOT providing "Quantity AND Detail" and limits HUD's understanding of what is being requested. Failure to enter adequate 'Quantity AND Detail' may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. For each grant year, enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants. The request should match the budget amounts identified on the CoC's HUD-approved FY 2014 GIW.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated with the value "1 Year" and will be read only.

Total Request for Grant Term: This field is automatically calculated based total amount requested for each eligible cost multiplied by the grant term.

Additional Resources can be found at the HUD Resource Exchange:

Match (cash or in-kind) must be used for eligible program costs only and must be equal to or greater than 25% of the total grant request for all eligible costs under the CoC Program interim rule with the exception of leasing costs. Leverage funds can be used for any program related costs and there is no minimum requirement. Please review 24 CFR Part 578, the FY 2014 Funding Notice and the FY 2013 CoC – FY 2014 Program NOFA for more detailed information concerning Match and Leverage.

Will this commitment be used towards Match or Leverage? Select Match or Leverage to categorize each commitment being entered.

Type of Commitment: Select Cash (\$) or In-kind (non-cash) to denote the type of contribution that describes this match or leveraging commitment.

The Neighborhood Stabilization Program (NSP) and HUD-VASH (VA Supportive Housing program) funds may be considered Government sources. Project applicants are encouraged to include funds from these sources, whenever possible.

Name the Source of the Commitment: Be as specific as possible (e.g. HHS PATH Grant, Community Service Block Grant, Hilton Foundation Grant to End Chronic Homelessness) and include the office or grant program as applicable. Enter the name of the entity providing the contribution. It is important to provide as much detail as possible so that the local HUD office can quickly identify and approve of the commitment source.

Date of written commitment: Enter the date of the written contribution.

Value of written commitment: Enter the total dollar value of the contribution

The values entered on each detailed Match/Leverage screen will populate the Screen "71. Summary Budget". The Cash, In-Kind, and Total Match will also automatically populate the Summary budget where the 25% match minimum will be calculated and applied.

7I. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field "8. Admin (Up to 10%)."

Admin (Up to 10%): Enter the amount of requested administration funds. The request should match the amount identified on the CoC's HUD-approved FY 2014 GIW. HUD will not fund greater than 10% of the request listed in the field "Sub-Total Eligible Costs Request." Additionally, HUD will not fund greater than 7% of the request listed in the field "Sub-Total Eligible Costs Requested," if the CoC received bonus points in the FY 2014 CoC Program competition for submitting all CoC projects at or below 7%. If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is this is the total amount of funding the project applicant will request in the FY 2014 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen "7I. Sources of Match/Leverage" to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen "7I. Sources of Match/Leverage" to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "7I. Sources of Match/Leverage" to make changes..

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.
